THE
IROQUOIS COUNTY BOARD
OFFICIAL REPORT OF PROCEEDINGS

The Iroquois County Board met in Recessed Session at the Administrative Center in Watseka, IL on Tuesday, October 13, 2026, at 9:00 A.M. County Board Chairman Paul Ducat called the meeting to order and asked County Clerk Breein Suver to call the roll.

STATE OF ILLINOIS
IROQUOIS COUNTY
Roll call and votes in Iroquois County
Recessed Session, October 13, 2026
Chairman Ducat
On motion to call the roll
Aye: Alt, Bence, Baier, Bakken, Bard, Behrends, Crow, Ducat, Huse, Munsterman, Perkinson, Williams, Whitlow
Absent: Bohlmann, Grant, McGinnis

PRAYER & PLEDGE OF ALLEGIANCE

Vice Chairman Bakken introduced Reverend Joe Frech, Pastor of St. John Evangelical Lutheran Church at Schwer, who gave the opening prayer after which the Pledge of Allegiance was recited in unison.

AGENDA

It was moved by Mrs. Crow and seconded to approve the agenda. The motion carried by a voice vote.

MINUTES

It was moved by Mr. Williams and seconded to approve the minutes of the September 8, 2026 Annual Session County Board meeting. The motion carried by a voice vote.

PAYROLL

It was moved by Mr. Baier and seconded to approve the September payroll. The motion carried by a roll call vote.

Charles Alt	$226.00
Kenneth Baier	$200.00
Jamie Bakken	$331.96
Roger Bard	$150.00
Lyle Behrends	$179.34
Mitchell Bence	$200.00
Donna Crow	$423.88
Paul Ducat	$683.44
Steve Huse	$241.20
Jody Munsterman	$193.32
Kathleen Perkinson	$324.64
Gerald Whitlow	$364.00
Raymond Williams	$911.78

PUBLIC COMMENTS

Derek Crouse with Crouse Canine updated the Board on the dog training bill that he has been working on with State Representative Jason Bunting.

CHAIRMAN COMMENTS
RESOLUTION NO. R2026-47
RESOLUTION TO CONGRATULATE SCARLETT SIEBERT

(Resolution No. R2026-47 has been recorded and placed on file in the County Clerk's office.)

Chairman Ducat presented Resolution No. R2026-47, a Resolution to Congratulate Scarlett Siebert of Watseka Junior School and member of the Full Steam 4-H Club. Scarlett Siebert entered her prize-winning decorated cake in the Junior Division at the DuQuoin State Fair. Scarlett won Grand Champion in the Junior Division as well as receiving the Superintendent's Award and Best of Show. It was moved by Mr. Huse to approve Resolution R2026-47. The motion was seconded and carried by a voice vote.

OUTSIDE ORGANIZATION REPORTS

There were no outside organization reports.

MANAGEMENT SERVICES COMMITTEE

Vice Chairman Bakken gave the report of the Management Services Committee and moved for adoption. The motion was seconded and carried by a roll call vote.

IROQUOIS COUNTY

County Board, Recessed Session
October 13, A.D., 2026

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Management Services** would beg leave to submit the following report on the matters before them:

Your Committee met at the Administrative Center on October 5, 2026 at 9:00 A.M. Members present were Jamie Bakken, Kathleen Perkinson, Donna Crow, Roger Bard and Kenneth Baier. John Grant was absent. Also present, County Board Chairman Paul Ducat, Finance Manager Jill Johnson, Maintenance Supervisor Chris Drake, Planning & Zoning Administrator Julie Feller and County Board member Mitchell Bence.

The meeting was called to order.

It was moved by Donna Crow and seconded by Kathleen Perkinson to approve the agenda. Motion carried by a voice vote.

There were no public comments.

Maintenance Supervisor Chris Drake's report included the following:

- The south parking lot and horseshoe drive at the Courthouse were hot rubber cracked, seal coated and striped last week. Drake said this wraps up the current rotation with parking lot maintenance and anticipates a few years before it needs done again.
- Drake will be servicing all the boilers this month. There are six boilers and a domestic hot water heater.
- Hall's Mowing will be wrapping up their mowing season soon. In November they usually do a final clean up and mulch any fallen leaves. Drake noted this is the final year of their three-year contract. Bids for mowing will be put out in January.
- The Administration Building will be getting a new domestic hot water heater. The current hot water heater is 16 years old, and the gas valve is out.
- The USDA Office experienced heat pump issues on three of their units. After further discussion with the USDA Office, they informed Drake that White-Rodgers, a company that makes control boards and thermostats for heating and cooling equipment, has universal boards for the older heat pump units. Drake said the older units are still good units, but the boards go out on them. He was able to put in new control boards, new thermostats and new contactors on three units for less than $4,000.

- Drake reported every few years he has the awnings outside of the Administration Building repaired and recovered. There were two awnings needing repairs, one of which was damaged by the tornado.
- There were no issues or repairs reported for the Morgue or Animal Control Building. Drake continues to mow weekly at the Animal Control Building.
- Drake provided an update on the window replacement at the Courthouse stating he has talked with the vendor, and they are waiting on materials. The committee asked Drake to seek an additional quote for the window replacement, per the insurance company's request.

The committee discussed claims associated with the tornado. Claims for B & D Enterprises, Martin Development and Kankakee Tent and Awning will be forwarded to Compass Insurance.

There were no updates on the County Farm. Management chairman Jamie Bakken will reach out to Walker Farms for an update on the yields.

Crow inquired on the balance of the Smart Watt loan. Finance Manager Jill Johnson reported the current balance is $473,951.83. Johnson also added that the loan was formerly through BB&T and the County was able to begin making additional payments this year on the loan. However, the loan has been acquired by Truist Bank, and they are not allowing additional payments to be made. The committee suggested getting a legal opinion from State's Attorney Mike Quinlan regarding the original contract.

The committee reviewed the claims. It was moved by Crow and seconded by Kenneth Baier to pay the claims, subject to County Board approval. A roll call vote was taken. Motion carried.

There was no old business.

There was no new business.

As there was no further business to come before the committee, it was moved by Perkinson and seconded by Baier to adjourn at 9:28 A.M. Motion carried.

All of which is respectfully submitted.

s/Jamie Bakken
s/Kathleen Perkinson
s/Donna Crow
s/Roger Bard
Kenneth Baier

FINANCE/IT/TAX COMMITTEE

Vice Chairman Bakken, Chairman of the Finance/IT/Tax Committee, gave the report of her committee and moved for adoption. The motion was seconded and carried by a roll call vote.

Absent: Bohlmann, Grant, McGinnis

STATE OF ILLINOIS
IROQUOIS COUNTY

County Board, Recessed Session
October 13, A.D., 2026

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Finance/I.T./Tax** would beg leave to submit the following report on the matters before them:

Your Committee met at the Administrative Center on October 5, 2026, at 10:00 A.M. Members present were Jamie Bakken, Kathleen Perkinson, Charlie Alt, Donna Crow, Jed Whitlow, Kenneth Baier and Mitchell Bence. Also present, Finance Manager Jill Johnson, Sheriff Clint Perzee, County Clerk Breein Suver, Interim Supervisor of Assessments Teresa Price, Myron Munyon with Compass Insurance, Suzie Werner with HomeStar Insurance Services, Adam Sadorus and Jeff Facer with AreaWide Technologies and County Board member Kevin Bohlmann.

The meeting was called to order.

It was moved by Donna Crow and seconded by Kathleen Perkinson to approve the agenda. Motion carried by a voice vote.

There were no public comments.

Myron Munyon with Compass Insurance reported additional claims were submitted to him from the storm damage. The application has been submitted for renewal, and he should have the renewal for the next meeting.

Suzie Werner with HomeStar Insurance Services reported the original renewal has been released at an increase of 39.3%. This does not include the 2% ancillary discount. Werner will be requesting rate relief. United Healthcare and Aetna declined to offer quotes due to health risks. The county is currently on the Blue Choice Options plan with Blue Cross Blue Shield that does incorporate the Blue Choice Select PPO and the traditional PPO under one plan. The county can look at moving strictly to the Blue Choice Select PPO. There are three large facilities that would not be in network with this plan; Lurie Children's Hospital, Advocate facilities and University of Chicago. Werner said she has requested a report from BCBS to see what the current utilization is with these facilities. The county can offer up to six plans with BCBS. Werner said she hopes to have answers this week and will keep the committee updated. Lastly, Werner would like to offer the employee navigator to the county. This is an online enrollment tool that is free of charge. This will give employees access to their benefits at any time.

Adam Sadorus with AreaWide Technologies reported he cleaned up the directory that holds names and logins and continues to work on the cloud migration project. Jeff Facer with AreaWide Technologies informed the committee that AreaWide has been providing remote

licensing for about three years paid out of pocket. The cost has increased with the vendor, and the county will begin seeing that increase of approximately $400. Sadorus added that he has found a way to eliminate another charge to offset this increase by discontinuing the Microsoft Teams licensing as it is not used.

The department heads gave their monthly reports. They are as follows:

- Finance Manager Jill Johnson reported she attended the Government Finance Officers Association (GFOA) conference in Bloomington. The conference covered matters such as raising the surcharge for 911 and FOIA related matters. Auditors from Wipfli were onsite last week and will be back the week of October 12th. Johnson continues to work on the FY2027 budget and had a conversation with Circuit Clerk Lisa Hines about transferring $20,000 from her automation to the general fund. Trial balance sheets were received from the Treasurer's Office for July. Johnson said she is hoping for the FY2025 audit to be complete by the end of October or early November. Lastly, Veterans Assistance made their first payment towards their loan.
- Sheriff Clint Perzee reported Central Square requested he inquire about the possibility of going from server based to cloud based. These costs are split between the Sheriff's Department and ETSB. Kenneth Baier stated he is in favor of moving forward with the cloud-based option eventually and there are funds available in the ETSB budget for the costs associated. Perzee also reported he ETS Board will meet October 6th. Johnson will be attending to review their budget. Crow noted there is a depreciation line within the ETSB budget that she would like more information about. Perzee is researching other options for obtaining fuel for the squads on the west side of the county and disregarding the option of having a barrel at the Douglas Township building due to cost. DCFS has ceased payments for our contract due to the county being on the stop payment list. Perzee is meeting with a firm that he connected with at the Sheriff's Conference in regards to the cost of building a new Jail at the request of a county board member.
- Interim Supervisor of Assessments Teresa Price reported she has rolled into equalization. Price stated she is having a difficult time finding a Supervisor of Assessments to assist her so she has reached out to Vermilion County Recorder Matt Long who will be reviewing her paperwork.
- Finance/I.T./Chairman Jamie Bakken reported that she spoke with County Clerk Breein Suver last week and she was planning on rolling out a sample ballot in the Cissna Park newspaper and the Ford County Chronicle.
- The committee reviewed Treasurer Kurt Albers report that was presented. Chief Deputy MaryJane DeYoung has resigned, and her last day will be October 7th. Part-time employee Bayley Lambrecht has been promoted to the full-time position and will assume all of the full-time duties. Chief Deputy Kallie Riddle is working on completing the 2nd tax distribution this week. The sealed bid auction of county property held by the Trustee ends on October 9th. All bids must be submitted to the Treasurer's Office by 4:30 P.M. if filing by paper or by 4:30 P.M. if filing online at iltaxsale.com. October 9th is the last day to pay property taxes with a personal check or by credit card/e-check. After this date, the Treasurer's Office will only accept cash, cashier's checks or money orders.

The last day to pay property taxes is October 23rd at 4:30 P.M. before the tentative tax sale on October 26th. The Treasurer's Office is working with the auditors and providing the requested information.

Discussion was held on the FY2027 budget. Crow stated she feels the Assistant State's Attorney's salaries should be at a 4% increase due to their level of education. Johnson reported that this would require an additional $1,200. Johnson suggested the increases remain at 3.5% as that was what initially agreed upon. Johnson also stated the average salary per the UCCI salary survery for Assistant State's Attorney's is between $86,000 and $116,000. Our Assistant State's Attorney's salaries will be at $94,000 and $87,000 in the new budget year. The committee also discussed increasing the health insurance line item due to the high increase reported. Johnson recommended waiting until final numbers are received as she has already included a 15% increase in the budget. As of today, the FY2027 budget has a surplus of $1,444. It was moved by Crow and seconded by Perkinson to post the FY2027 budget for public viewing. A roll call vote was taken. Motion carried.

Discussion was held on the FY2026 levy with the low assumed EAV at $966,535,140, the mid assumed EAV at $976,535,140 and the high assumed EAV at $988,535,140. Johnson reviewed the worksheets with the committee. No action is needed today as additional information on the EAV will possibly not be available until a Supervisor of Assessments is hired. Johnson also encouraged the committee to review the levy meetings from last year when former Supervisor of Assessments Mia McCammon gave an informative presentation on the EAV's.

Discussion was held on Johnson being an approved used for the Animal Control credit card. Departments with credit cards includes the Sheriff's Department, ETSB and Animal Control. It was moved by Crow and seconded by Jed Whitlow to approve Finance Manager Jill Johnson as an approved user on the Animal Control credit card. A roll call vote was taken. Motion carried.

There was no discussion on finance committee reports.

There were no chairman comments.

The committee reviewed the claims. It was moved by Whitlow and seconded by Baier to pay the claims, subject to County Board approval. A roll call vote was taken. Motion carried.

There was no old business.

There was no new business.

As there was no further business to come before the committee, it was moved by Whitlow and seconded by Charlie Alt to adjourn at 11:28 A.M. Motion carried by a voice vote.

All of which is respectfully submitted.

Absent: Bohlmann, Grant, McGinnis

STATE OF ILLINOIS
IROQUOIS COUNTY

County Board, Recessed Session
October 13, A.D., 2026

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Health** would beg leave to submit the following report on the matters before them:

Your committee met at the Administrative Center on October 6, 2026 at 9:02 A.M. Members present were Donna Crow, Jody Munsterman, Steve Huse, Chad McGinnis and Roger Bard. John Grant was absent. Also present, ICPHD Administrator Robin Allen, Animal Control Administrator Angela Frary, Amy Zabel with Iroquois Mental Health Center, Sara Mikuta with the 377 Board and Derek Crouse with Crouse Canine.

The meeting was called to order.

It was moved by Jody Munsterman and seconded by Roger Bard to approve the agenda. Motion carried by a voice vote.

During public comments, Derek Crouse with Crouse Canine provided an update on the dog training bill that he has been working on with State Representative Jason Bunting. Crouse will continue to keep the committee updated.

During Agency Reports, Sara Mikuta with the 377 Board introduced herself to the committee and provided her background information. Mikuta currently serves as President of the 377 Board. Other board members include John Sumner, Sue Butler and Alan Timm. The 377 Board serves two organizations in Iroquois County; the Arc of Iroquois County which has 143 individuals and ABRA which has 14 individuals. Their annual meeting was held in July and the committee discussed needs and issues. Mikuta stated they are beginning to see increases in funding from a state level, but it is all dependent on what happens in Congress. In addition, maintenance costs and employment costs are also increasing. The 377 Board maintains their bank account locally at First Trust & Savings Bank with an approximate $5,000 balance. Mikuta said the 377 Board requests the max amount each year from the County and funds are disbursed to the agencies to cover approximately 50-60% of their budgets. The remaining funding comes from charitable contributions and Medicare or Medicaid. Mikuta

added that the Arc of Iroquois County has 5 individuals on their waiting list to get in for services. There is a list maintained by the State of Illinois, Prioritization of Urgency of Need for Services (PUNS), that acts as a waiting list for individuals with developmental disabilities.

Health Chairman Donna Crow added that she serves on Rural Transportation, and transportation is a very important service for the Arc of Iroquois County. The Arc currently has a signed contract, and Futures is working to obtain more signed contracts with other agencies. Futures is in need of drivers as they are trying to reestablish the routes in Watseka. A survey on public transportation was sent out and Crow encouraged all to complete the survey.

Also during Agency Reports, Amy Zabel with Iroquois Mental Health Center reported they also have clients that have been unable to obtain services due to lack of transportation. IMHC continues to offer psychiatry services two days a week for ages 12 and up. Two new partners will be renting space within the Watseka building. Project Sun, a Kankakee and Iroquois County entity, is a non-profit that provides support to families who are navigating the mental health system of care. A nutritionist will also be onsite, and they specialize in eating disorders. IMHC is hiring another full-time therapist for the Watseka location. They will also be opening up their bachelor level internships. An IMHC therapist recently completed their DUI training and will be available to offer services. Zabel discussed the mobile crisis response program and stated they are hiring 6 full-time and 4 part-time employees. Zabel explained that calls received are triaged and if appropriate, IMHC is contacted instead of police and/or fire. Two staff members respond in person and offer support for individuals experiencing a mental health crisis. The crisis program is not live yet as IMHC is still in the process of hiring staff.]

ICPHD Administrator Robin Allen distributed the monthly summary report of programs as follows.

- 34 food inspections
- 33 mosquito samples tested with testing ending on October 15th
- 11 radon kits
- 2 childhood immunizations and 9 flu shots
- 3 animal bites
- 1 West Nile investigation
- 1 new tuberculosis investigations
- 4 Hemoglobins screenings
- 3 Lead screenings
- 5 STI tests completed
- 3 Narcan trainings
- 6 CPR trainings
- 265 booth visitors at the Iroquois Memorial Hospital lab fair
- 238 vision screenings and 272 hearing screenings
- 45 annual/needs based reassessments for Senior Services
- Health and Wellness Insights Class is scheduled for October 22nd from 6:00 PM. Until 7:00 P.M. This is a preventative mental health class that will focus on mindfulness and calming. The class will also be making simmer pots. All supplies are included at no cost to Iroquois County residents.

Animal Control Administrator Angela Frary reported the registration deposit for September was $7,625. Animal Control received 39 calls in September. There are currently

5 dogs and 1 nursing cat with kittens at the building. Frary attended a Zoom meeting with the University of Illinois. Crow discussed the Animal Control credit card stating the account is on auto-pay but a claim should still be submitted for review and approval. Frary provided a spreadsheet detailing the charges made on the credit card. Frary will prepare the claim for approval at the Policy & Procedure committee. Also, Crow recommended Frary research bulk food purchases for the animals.

It was moved by Steve Huse and seconded by Chad McGinnis to enter into executive session at 9:47 A.M. under 5 ILCS 120/2/c1: The appointment, employment, compensation, discipline, performance, or dismissal of specific employees of the public body. Motion carried by a voice vote.

It was moved by McGinnis and seconded by Bard to come out of executive session and call the meeting back to order at 10:00 A.M. Motion carried by a voice vote.

It was moved by Huse and seconded by Munsterman to hire Scott Anderson as the Solid Waste Coordinator. A roll call vote was taken. Motion carried.

Discussion was held on rescheduling the November meeting. The new meeting date will be Wednesday, November 4th at 9:00 A.M.

There were no claims submitted for approval. Going forward, Solid Waste monthly financials will be forwarded to the committee.

There was no old business.

There was no new business.

As there was no further business to come before the committee, it was moved by Huse and seconded by Crow to adjourn at 10:05 A.M. Motion carried by a voice vote.

All of which is respectfully submitted.

Absent: Bohlmann, Grant, McGinnis

STATE OF ILLINOIS
IROQUOIS COUNTY

County Board, Recessed Session
October 6, A.D., 2026

Mr. Chairman and Members of the County Board:

Your Committee to whom it was referred **Planning & Zoning** would beg leave to submit the following report on the matters before them:

Your Committee met at the Administrative Center on October 6, 2026, at 10:10 A.M. Committee Members present were Chairman Kathleen Perkinson, Vice Chairman Jamie Bakken, Ken Baier, Roger Bard, Steve Huse, Chad McGinnis and Jed Whitlow. Also, present were Zoning Administrator Julie Feller and Zoning Chief Deputy Madeline Ussery. Members of the public present were Dominick Lambert and Gina Randles with a map amendment, Ashton Merbach with Two Roads Solar and Patrick Brown, Bobby Quinones and Ben Jacobi with Scout Clean Energy.

The meeting was called to order.

A motion was made by Bakken to approve the agenda; McGinnis seconded. Motion carried by a voice vote.

There were no public comments.

A motion was made by Whitlow to approve the claims; McGinnis seconded. A roll call vote was taken; motion carried unanimously.

The Zoning Administrator Report was provided by Julie Feller:

- Social media accounts for dissemination of ZBA public notices have not yet been set up because personal information is required to create accounts. Bakken stated she has experience setting up accounts without personal information and offered to assist.
- A ZBA hearing was held September 27 to consider a for a rezoning application that the committee will consider later this meeting.
- A list of lot splits and combinations from the past year has been created to help inform building permit applications.
- Area Wide will be assisting with setting up a shared drive for large electronic files associated with renewable applications.
- Feller attended a 4-day class in floodplain management at FEMA's National Disaster & Emergency Management University in Wheaton. At the conference she learned that a LOMA (Letter of Map Amendment) can help a property owner eliminate the need for mandatory flood insurance, but counties have the legal right to enforce floodplain ordinances that are stricter than FEMA's minimum standards. The Zoning office has made a checklist for building in a flood plain and is working on an informational pamphlet.
- A complaint was received from a homeowner near Chebanse regarding a business operating from a neighboring residential property as well as several other potential unpermitted property modifications. Even though the properties in question are subject to restrictive covenants, States Attorney Quinlan and outside counsel Andrew Keyt both concur these potential

violations fall under the purview of the Zoning office.

- A meeting was held with a property owner in Milford regarding complaints made about a neighboring "junkyard". The owner has agreed to install up a chain-link fence with privacy slats to prevent passersby from seeing the property.
- Multiple emails have been exchanged with the new owners of Trajectory Solar who are questioning Conditions of Approval associated with the Conditional Use Permit which would need to be resubmitted as Conditional Use Permit modifications.
- The construction entrance for the Reactive solar project north of Watseka will be moved to 2280 South Road rather than near the cemetery entrance.
- US Solar has asked for a report of fee balances remaining from the Conditional Use Permit process to offset their building permit fees. That amount cannot be calculated until all conditions of the Conditional Use Permit are satisfied.
- US Solar Satriales project will no longer have battery storage and will heavily rely on the landowners for existing drain tile rather than a drain tile survey.
- There were 12 permits issued during the month of September.

The committee reviewed and discussed ZBA Case #26-ZBA-016, a map amendment application submitted by Dominick Lambert to rezone a 2-acre parcel near Chebanse from A-1 to RH-1 to allow for a single-family home may be constructed. A motion was made by Bakken to approve the rezoning; Huse seconded. Roll call vote was taken; motion carried unanimously.

The Scout Clean Energy Woodberry Solar Farm Application for a Special Use Permit to construct and operate a commercial solar energy facility of approximately 190.9 MW encompassing up to 2,218 acres north of Gilman was reviewed for completeness. The application includes 4 variance requests related to extension of the term of the Special Use Permit, timing of the farmland drainage plan, timing and notice provisions of the mandatory public meeting and timing of ownership change notifications. Perkinson informed the committee that Heyl Royster had not yet reviewed the application for completeness, but they will do so and work with the developer to identify any additional requirements prior to the public hearing. A motion was made by Bakken to deem the application complete and ready for ZBA public hearing subject to attorney review of the application; Baier seconded. A roll call vote was taken. Ayes were Bakken, Baier, Bard, McGinnis, Whitlow, Perkinson. Nays were Huse. Motion carried.

Perkinson announced that the date for the next committee meeting regularly scheduled for Tuesday, November 3 will need to be rescheduled due to Election Day. The committee agreed to change the next meeting to Wednesday, November 4 at 10 A.M.

Perkinson also reported that she would contact Area Wide to make sure committee members have electronic access to large zoning applications and that she received an email from a Champaign County constituent encouraging County Boards within the Mahomet Aquifer to consider a list of protective provisions in their data center ordinances.

There was no old business.

There was no new business.

As there was no further business to come before the committee, it was moved by McGinnis and seconded by Bakken to adjourn at 11:06 A.M. Motion carried by a voice

vote.

All of which is respectfully submitted.

County Board, Recessed Session
October 13, A.D., 2026

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Judicial & Public Safety** would beg leave to submit the following report on the matters before them:

Your Committee met at the Courthouse on October 7, 2026 at 3:00 P.M. Members present were Jed Whitlow, Mitchell Bence, Raymond Williams and Lyle Behrends. Chad

McGinnis was absent. Also present, Sheriff Clint Perzee, Probation Supervisor Barb King, Judge Mike Sabol, State's Attorney Mike Quinlan and Circuit Clerk Lisa Hines.

The meeting was called to order.

It was moved by Raymond Williams and seconded by Mitchell Bence to approve the agenda. Motion carried by a voice vote.

There were no public comments.

Judge Mike Sabol reported no updates for the department.

Probation Supervisor Barb King reviewed the Probation & Court Services report for September with the committee.

Sheriff Clint Perzee presented his monthly report to the committee as follows:

- Perzee applied for the ILEAS less lethal grant for 2026. If selected, the Sheriff's Department could receive additional tasers to update us to the newer version. We have deputies that can train our own officers on the use of the new tasers.
- The Sheriff's Department received a $4,500 grant from a local trust that will be sued to purchase 3 additional ballistic shields. The Sheriff's Department has a total of 9 ballistic shields.
- Perzee said they should be receiving the 2 squad cars that were ordered for this budget year soon from Morrow Brothers.
- Chase Cornett was hired as a full-time Correctional Officer. Cornett is already certified and will not need to attend the academy.
- Correctional Officer Ethan Simonton is currently in the Corrections academy and is doing well.
- BT Video Solutions will start on the camera upgrade project for the Courthouse soon.

State's Attorney Mike Quinlan discussed the resolution for the Appellate Prosecutor at a cost of $12,000 each year and asked for approval by the committee. It was moved by Bence and seconded by Williams to approve the Resolution for the State's Attorney Appellate Prosecutor. A roll call vote was taken. Motion carried.

Circuit Clerk Lisa Hines distributed her monthly report for September to the committee for their review. A total of $39,705.55 was paid to the County for fines and fees and $45,297.15 was paid to others, $10,247.08 was received from Pay Court and $464.80 was received from IDROP.

Perzee provide an update on ETSB stating the ETS Board met last night and approved the ETS Director job description. The vacancy has been posted on the County's website as well as Indeed. Perzee reported the department is operating well with current staff handling FOIA requests, training and scheduling. County Board Chairman Paul Ducat has been appointed the Interim ETS Director until the position is filled. Both new hires are doing well. The department has been provided with a vendor listing as well as a flow chart to follow when there are equipment issues. Adam Sadorus with AreaWide has also spent an extensive amount of time in the 911 Center.

The committee reviewed the claims. It was moved by Williams and seconded by Bence to pay the Judicial & Public Safety claims, subject to County Board approval. A roll call vote was taken. Motion carried.

During old business, Judicial Chairman Jed Whitlow reported he continues to work with Gilman and Onarga on police service contracts.

There was no new business.

As there was no further business to come before the committee, it was moved by Bence and seconded by Lyle Behrends to adjourn the meeting at 3:27 P.M. Motion carried by a voice vote.

All of which is respectfully submitted.

s/Jed Whitlow
s/Mitchell Bence
s/Raymond Williams
s/Lyle Behrends

TRANSPORTATION & HIGHWAY COMMITTEE
&
RESOLUTION NO. R2026-49
APPROPRIATING FUNDS FOR THE PAYMENT TO
THE COUNTY ENGINEER'S SALARY
(Resolution No. R2026-49 has been recorded and placed on file in the County Clerk's office)

Mrs. Bakken, Vice Chairman of the Transportation and Highway Committee, congratulated Alan Hardwood on his Executive Leadership Service Award that was bestowed upon him with the completion of an 18-month course. Bakken thanked Alan for his hard work and praised him for the great job he does for Iroquois and Ford Counties as County Engineer. Mrs. Bakken then gave the report of the Transportation & Highway Committee and presented Resolution No. R2026-49 a Resolution Appropriating Funds for the Payment to the County Engineer's Salary. She moved for all adoption of both, which was seconded and carried by a roll call vote.

STATE OF ILLINOIS

Absent: Bohlmann, Grant, McGinnis

STATE OF ILLINOIS
IROQUOIS COUNTY

County Board, Recessed Session
October 13, A.D., 2026

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Transportation & Highway** would beg leave to submit the following report on the matters before them:

Your Committee met at the Iroquois County Highway Building on October 8, 2026 at 9:00 A.M. Members present were Charlie Alt, Jamie Bakken, Mitchell Bence, Raymond Williams, Steve Huse and Jody Munsterman. Kevin Bohlmann was absent. Also present, County Engineer Alan Harwood.

The meeting was called to order.

It was moved by Raymond Williams and seconded by Steve Huse to approve the agenda. Motion carried by a voice vote.

There were no public comments.

The claims and financial reports for the month were reviewed. It was moved by Williams and seconded by Mitchell Bence to approve the claims, subject to County Board approval. A roll call vote was taken. Motion carried.

During new business, County Engineer Alan Harwood presented a draft of the HEI Safety Study for the committee to review. The safety study reports CH 10 (Bayles Lake) has a posted speed limit of 40 mph in both directions and an average daily traffic of 1350 vehicles per day per data collected in 2024 by IDOT. The study was performed on August 27, 2026 resulting in an average daily traffic of 1363 vehicles. It was reported that the mean speed for all vehicles was 52 mph, the 50th percentile speed was 54 mph, and the 85th percentile speed was 64 mph. It was proposed that the speed limit could be raised by 5 mph, however, no changes are proposed to the posted speed limit at this time. Other recommendations include installing additional warning signs, such as "bridge may ice before roadway". Harwood reported this is informational only at this time and no action is needed.

Harwood discussed the ARIA (Automated Roadway Infrastructure Assessment) partnership agreement stating Iroquois County is one of six counties in Illinois that were selected by Google for this program. We are still in the beginning stages and more information as well as an official announcement will be forthcoming.

Discussion was held on the 2027 County Engineer's salary. Illinois Department of Transportation (IDOT) has provided the 2027 minimum recommended salaries for the County Engineer's with an increase of 3.50%. Harwood presented a resolution appropriating funds for the payment of the salary in the amount of $149,000 with $74,500 reimbursed into Motor Fuel Tax. It was moved by Williams and seconded by Huse to approve the resolution appropriating funds for the County Engineer's salary in the amount of $149,000 effective January 1, 2027 through December 31, 2027. A roll call vote was taken. Motion carried.

The committee also discussed the continuation of Harwood serving as Ford County Engineer. Harwood explained last years resolution reflected an increase of 70% of the $150,000 annual salary on January 1, 2027. The new resolution will reflect a salary increase of 95% of the recommended minimum salary effective January 1, 2028 if a new Engineer isn't hired. No action is needed at this time.

Harwood provided an update on the bridge bundle program and provided the committee with the draft intergovernmental agreement. No action is needed at this time.

Lastly, Harwood attended the Illinois Association of County Engineers (IACE) fall meeting on October 1st and 2nd where he was awarded for his completion of the Executive Leadership Development Series (ELDS) class.

There was no old business.

As there was no further business to come before the committee, it was moved by Williams and seconded by Jamie Bakken to adjourn the meeting at 9:55 A.M. Motion carried by a voice vote.

All of which is respectfully submitted.

Absent: Bohlmann, Grant, McGinnis

STATE OF ILLINOIS
IROQUOIS COUNTY

County Board, Recessed Session
October 13, A.D., 2026

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Policy & Procedure** would beg leave to submit the following report on the matters before them:

Your Committee met at the Administrative Center on October 8, 2026 at 10:11 A.M. Members present were County Board Vice Chairman Jamie Bakken, Donna Crow, Kathleen Perkinson, Charlie Alt and Jed Whitlow. County Board Chairman Paul Ducat was absent. Also present, Finance Manager Jill Johnson, County Clerk Breein Suver, Planning & Zoning Administrator Julie Feller, EMA Director Scott Anderson, Interim Supervisor of Assessments Teresa Price, PCOM Monte Andrews, HSTP Region 6 Coordinator Jennifer Sicks and County Board members Lyle Behrends and Mitchell Bence.

The meeting was called to order.

It was moved by Jed Whitlow and seconded by Donna Crow to approve the agenda. Motion carried by a voice vote.

There were no public comments.

PCOM Monte Andrews discussed rural transportation with the committee stating he is the PCOM (Program Compliance Oversight Monitor) for Ford, Iroquois and Livingston counties. Andrews reported just over ten months ago Cris Rural Mass Transit in Danville was the public carrier for Iroquois County. On January 2, 2026, the Illinois Department of Transportation made the decision to no longer fund Cris mostly due to financial mismanagement and its operations in Iroquois County ceased to exist. Iroquois County was without rural public bus transportation for about one month. During this time there was an Iroquois County resident that had no transportation to Kankakee for their crucial dialysis appointments. Futures Connections had stepped up in Livingston County to be their public transporter and in the beginning of February began to transport this dialysis patient and others who desperately needed to get to their medical appointments. The Iroquois County transportation committee along with the Iroquois County Board made the decision to partner with Futures Connections as the new permanent carrier in Iroquois County. Andrews said in the beginning stages, Futures experienced issues with finding drivers in the county and for several months were sending drivers from Pontiac to best accommodate the residents needs. Futures has also been able to establish a monthly route in Iroquois County for senior citizens. In late July, an Iroquois County resident was hired as a full-time driver and within the past week, another Iroquois County resident has been hired. Futures goal is to reestablish the limited stop route that was previously in Watseka. The City of Watseka will also be contributing to help offset the cost of operations for the route in Watseka. Andrews also reported there is a CVP (Consolidated Vehicle Procurement) Program process through the state that is awarding the three counties with brand new vehicles, however, this process can take more than one year or longer. In the meantime, the state has funds available for the counties to repair each vehicle. In addition, IDOT has informed Futures that there are enough funds to begin increasing the salaries for new and existing drivers. Andrews attended a two-day conference in Chicago where an idea was presented to attract and hire more drivers. Andrews said he will be looking into setting up one of the Futures buses in a local parking lot in Watseka and host a job fair with the intent to hire on the spot contingent upon a drug test screening and background check. Transportation funding is an 80/20 split. The federal government reimburses the three counties for 80% of the operating expenses. The remaining 20% is a local match in which the counties are expected to provide funding. This is acquired by contracting with non-profits who have clients that need transportation on a regular basis. Other sources include municipalities and advertising. The state is now allowing advertising on both the inside and outside of the buses. Andrews stated one of their biggest expenses is due to transporting four individuals in Iroquois County to their dialysis appointments three times each month. The clinics are located in Kankakee and Champaign, and these trips take a lot of time, gas and wear and tear on the vehicles. Andrews said they ask for reimbursement by service hour, which is $59 per hour, from federal and state monies. Andrews said he has reached out to the DaVita Clinics headquarters informing them of the transportation required for these four individuals and requested a contribution from their facility. Crow added that if the 20% matching funds, approximately $60,000, are not received the County does not have this in their budget. County Board member Mitchell Bence inquired on the type of license required for the driver positions. Andrews answered that CDL and non-CDL licenses are required. The 14 passenger or less

buses and minivans do not require a CDL. Futures inherited a few 16 passenger buses that are getting repaired and will be used but require a CDL. Futures will be reaching out to the townships and all towns in Iroquois County for possible contributions to help cover costs. Lastly, Andrews shared ridership statistics stating they started out with 2.5 average trips per day and has increased to 9.5 average trips per day in September. There were a total of 25 trips in May and 100 trips in September. These trips include medical (82%), shopping (12%), education (5%), and social (6%).

HSTP Region 6 Coordinator Jennifer Sicks provided the committee with an informational packet which includes the HSTP origins, current status and organization structure. Currently, the region includes five counties, Ford, Iroquois, Livingston, Kankakee and McLean. Each participating county enters into an agreement with IDOT under which the county receives access to vehicles for its service providers through the Consolidated Vehicle Procurement Program (CVP) funded through IDOT. Andrews added that Futures has a great relationship with Danville Mass Transit and they can offer connecting rides in Hoopeston.

EMA Director Scott Anderson provided his monthly EMA report to the committee for their review. Anderson discussed the Emergency Operations Plan Update stating the rewrite of the plan is complete. Anderson will be making a presentation regarding the document during the full county board meeting next week. Following the meeting, Anderson will send email copies to all board members and department heads for an in-depth review. Anderson said he looks forward to having the entire document approved at the November board meeting. Once the document has been approved at the county level, he will forward it to IEMA for their final approval. Once approved by the state, EMA should have all the required elements in place for full state reaccreditation. The reaccreditation process will begin again in three to six years from then, pending final legislative decisions. Lastly, Anderson stated that part of this plan is making sure we have updated copies of our mutual aid agreements in place. Last month we entered into a mutual aid agreement with Paxton ERS and would like the ability to use this document as a template approved by the county board. Anderson will bring this document to the board meeting on Tuesday.

The committee discussed approving a stipend for Interim Supervisor of Assessments Teresa Price. County Board Vice Chairman Jamie Bakken explained the county board approved a $2,500 stipend at the August meeting for the first 30 days and a second $2,500 needs to be approved. It was moved by Whitlow and seconded by Crow to approve a $2,500 stipend for Teresa Price, Interim Supervisor of Assessments. A roll call vote was taken. Motion carried.

Discussion was held on entering into an intergovernmental agreement with another county regarding Supervisor or Assessments duties. County Clerk Breein Suver provided the committee with information from two counties that have intergovernmental agreements with each other to share a Supervisor of Assessments. Bakken stated at this time there is a hiring committee in place that is conducting interviews this afternoon. Kathleen Perkinson added that the candidates have varying levels of experience and it may take a longer period of time to obtain the appropriate certifications so the intergovernmental agreement would be in place until the certifications are received. However, if the county enters into an intergovernmental agreement, it would be for four years. Suver reported she spoke with Adrianne Bailey at the Department of Revenue and it was explained that with Teresa Price's interim position ending on October 20th, the county can proceed by either hiring someone and appointing them to a four-year term or entering into an intergovernmental agreement with another county for a four-

year term. Suver said we are able to enter into consulting agreement that would have to be drawn up by the State's Attorney with the terms and the consulting county will have to agree to these terms. Reimbursement for the Supervisor of Assessments will end on October 20th and will not be reinstated until someone is hired or we enter into an intergovernmental agreement. Suver said she was also told that Price can run point in the office with County Board Chairman Paul Ducat signing off on everything. Price informed the committee she has reached out to Vermilion County Recorder Matt Long and he will be coming to the office on Tuesday to review all of her paperwork as she would like to have all of the abstracts into IDOR before her final day as Interim Supervisor of Assessments. Lastly, Suver added that if a candidate is chosen today there is a Supervisor of Assessments test being held on Thursday, November 12th at 11:00 A.M. in Grundy County. No action is needed on the intergovernmental agreement at this time.

The committee chairs gave their monthly reports:

- Health Chairman Donna Crow reported the committee received reports from the 377 Board, Iroquois Mental Health Center, ICPHD and Animal Control. The committee hired Scott Anderson as the Solid Waste Coordinator effective December 1, 2026.
- Highway Chairman Charlie Alt reported the committee reviewed and approved the monthly claims. The committee also discussed the safety study conducted in Bayles Lake. The committee approved the resolution appropriating funds for the County Engineers salary.
- Judicial & Public Safety Chairman Jed Whitlow reported the committee received monthly reports from the department heads. The committee approved a resolution for the State's Attorney Appellate Prosecutor.
- Planning & Zoning Chairman Kathleen Perkinson reported the ZBA approved a map amendment to rezone two acres from A-1 to RH-1, subject to county board approval. The committee also reviewed a special use permit from Scout Clean Energy and it will be moved forward to the ZBA for a public hearing tentatively set for October 27th at 6:00 P.M.
- Management Chairman Jamie Bakken reported the committee received the monthly maintenance report and will be requesting yield information from Walker Farms. The Finance/I.T./Tax committee received monthly reports from Compass Insurance, HomeStar Insurance and AreaWide. The committee also received reports from the department heads. The committee discussed the FY2027 budget and made a motion to post the budget for public viewing. Lastly, the committee reviewed the FY2026 levy information.

There were no chairman comments.

Crow provided an update on rural transportation stating there is a Tri-County meeting in Ford County on November 17th.

Discussion and action on the Generative Artificial Intelligence Policy was tabled until next month.

Appointments will be made at the county board meeting.

The committee reviewed the claims. An additional claim to the State's Attorney Appellate Prosecutor was submitted was submitted for approval in the amount of $12,000. It was moved by Perkinson and seconded by Whitlow to pay the claims, including the claim to

the State's Attorney Appellate Prosecutor in the amount of $12,000, subject to County Board approval. A roll call vote was taken. Motion carried.

During old business, Bakken reported the ETS Board met Tuesday evening and there was miscommunication on the appointment of Mayor Benny Marcier. Bakken said this was brought to her attention during the meeting, and she requested the committee redo their motions. Last month an ordinance was presented at the county board meeting that was eventually sent back to committee due to questions on how many Watseka residents can serve on the ETS Board. Bakken said she would like to address the matter again and have the amended ordinance passed. Suver noted that the seventh appointment to the ETS Board is not effective until January 1, 2027. This will allow the ETS Board to address their bylaws and make necessary changes to include the seventh appointment. It was moved by Crow and seconded by Perkinson to send the Ordinance amending Chapter 12, Communications of the Iroquois County Code to the County Board to allow a seventh member on the Emergency Telephone System Board. A roll call vote was taken. Crow, aye; Perkinson, aye; Alt, nay; Whitlow, abstain; Bakken, aye. Motion carried.

During new business, Suver informed the committee that Concord Drainage District # 1 is having issues surrounding their commissioners. There are disagreements and petitions that have been filed in the Circuit Clerks Office regarding the appointment of commissioners. The County Board is the appointing authority of the commissioners. The commissioners along with their attorneys will be addressing the Policy & Procedure committee next month regarding the appointments.

As there was no further business to come before the committee, it was moved by Crow and seconded by Bakken to adjourn the meeting at 11:58 A.M. Motion carried by a voice vote.

All of which is respectfully submitted.

s/Donna Crow
s/Kathleen Perkinson
s/Charlie Alt
s/Jed Whitlow

DISCUSSION ON REWRITE OF THE EMERGENCY OPERATIONS PLAN

The Board discussed the Emergency Operations Plan. Scott Anderson informed the board that the update to the plan has been three years in the making. There will be PDF version available and sent to all Board members. The plan is specific to Iroquois County and is easier to read than the prior plan. The plan establishes who is responsible, how agencies coordinate, and how the county obtains and uses resources during a disaster. This plan will help the county with organizing warnings, evacuation, shelter, medical support, damage assessment, and recovery before a crisis occurs. The Emergency Operations Plan also addresses continuity of how County services and government play a roll.

Mr. Anderson wants the County Board members to fully understand the Emergency Operations Plan due to the community responsibilities and the process of receiving reliable incident information. The County Board Chairman provides executive policy direction and exercises applicable legal authority. Mr. Anderson said there will be training exercises and classes that will be useful information for members of the County Board. Mr. Baier reminded

the Board that with this plan our County can be eligible to receive funding in the event of a natural disaster.

MOTION
TEMPLATE OF THE INTERGOVERNMENTAL AGREEMENT FOR IROQUOIS COUNTY EMA WITH VARIOUS EMERGENCY RESPONDING ENTITIES

The Board discussed the template of the Intergovernmental Agreement for Iroquois County EMA with Various Emergency Responding Entities. NEW BUSINESS

There was no new business.

ADJOURNMENT

As there was no further business to come before the Board, it was moved by Mr. Behrends and seconded to adjourn the meeting at 11:00 A.M. The motion carried by a voice vote. The next County Board meeting will be held in Watseka, IL on Tuesday November 10, 2026 at 9:00 A.M.
