To Whom It May Concern:

Currently, the equipment in Iroquois County is in good to fair working order. We have been diligent in maintaining our election equipment on a yearly basis and we have also been purchasing replacement units as needed; however, the equipment is aging with issues arising more frequently.

I believe it is time to start the process of replacing the election equipment. We will continue procuring additional and replacement equipment as needed; however, we would rather make an investment in a new voting system, if the financial resources are made available.

We believe the associated costs with obtaining new equipment is approximately \$12,000 per precinct/polling place. That would be about \$456,000 for Iroquois County.

Sincerely,
