County Board, Recessed Session
May 10, A.D., 2022

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Management Services** would beg leave to submit the following report on the matters before them:

Your Committee met at the Administrative Center on May 2, 2022 at 9:00 A.M. Members present Lyle Behrends, Paul Ducat, Paul Bowers, Donna Crow and John Zumwalt. Kevin Bohlmann and Sherry Johnson were absent. Also present County Board Chairman John Shure, Finance Manager Jill Johnson, Maintenance Supervisor Chris Drake and Larry Mahoney with T&T Construction.

The meeting was called to order.

It was moved by Paul Bowers and seconded by John Zumwalt to approve the agenda. Motion carried by a voice vote.

There were no public comments.

Maintenance Supervisor Chris Drake's report included the following:

- Inspection on the fire suppression system in the Jail kitchen was done.
- Sheriff Clint Perzee has requested the Jail trustee do some painting at the Jail in the hallways and holding cell.
- Drake repaired a drinking fountain that sprung a leak at the Courthouse.
- The Allhands family contacted Drake about their tree donation. They have chosen hybrid maples. They requested the County purchase the trees tax free and the Allhands family would submit reimbursement. While there is a donation line in the budget, the committee did not feel comfortable with bypassing sales tax for the purchase.
- Swapped out all filters on the heat pumps in the Administrative Center.
- Illiana Lock Service performed work for the County Clerk's Office. This will be paid from the Clerk's budget.
- Mowing has occurred three times.
- Drake received a bid to strip and redo the floors at the Administrative Center. This includes all hallways and entryways and the work will be scheduled for a holiday weekend when the building is closed. The bid total is \$6,600. It was moved by Paul Ducat and seconded by Zumwalt to approve the bid from Paul Wellborn in the amount of \$6,600 for stripping all floors in the Administrative Center. A roll call vote was taken. Motion carried.

Many County Farm records, tile maps and drainage records were located in the basement of the Courthouse. Donna Crow asked the committee to devise a better filing system.

The County Farm tile work project was discussed. Per State's Attorney Jim Devine's request, Zumwalt was able to get a legal description for the memorandum of understanding.

(The following paragraph was removed for separate consideration and sent back to committee for further discussion, per action taken by the full County Board at their May 10, 2022 Recessed Session meeting.)

Continued discussion was held on the Animal Control building. Larry Mahoney with T&T Construction provided the committee with revised drawings on the Animal Control building. The drawings provide a visual of the building with a sally port and without a sally port. After last months' meeting, County Board Chairman asked Mr. Mahoney to look into the area near the Jail and Courthouse for a building site. Mr. Mahoney handed out maps of the area in relation to flooding. He said the area is buildable but there is risk of flooding. Ducat expressed his opinion that the morgue should be located at the Jail/Courthouse property and the animal control building should be located at the Administrative Center. However, he would like to know the cost effectiveness of moving forward with the animal control building. Kankakee County recently built a new facility and perhaps the County could make an arrangement for them to take our animals. Finance Manager Jill Johnson said speaks frequently with the Kankakee County Animal Control's Administrative Director Kari Laird and they are at capacity. Donna Crow stressed the need for Iroquois County to take the necessary steps to care for our own animals. Mr. Mahoney offered a cost savings suggestion by utilizing a sally port for loading and unloading for both the Coroner and Animal Control. This would reduce the size of the Coroner's building and could save an estimated \$152,000. Before moving forward, the committee needs to make a decision on a location for the building or buildings. It was moved by Crow and seconded by Bowers to select the northwest area of the Administrative Center parking lot for the proposed building site for the Animal Control building and morgue to be built together, pending additional work and to identify the location of the utilities. Motion carried by a voice vote. Behrends requested Drake have the utilities marked. Mr. Mahoney will revise the drawings per the committee's instructions and contact Coroner Bill Cheatum with the proposed changes.

The committee reviewed the claims. It was moved by Bowers and seconded by Zumwalt to pay the claims, subject to County Board approval. A roll call vote was taken. Motion carried.

There was no old business.

There was no new business.

As there was no further business to come before the committee, it was moved by Ducat and seconded by Crow to adjourn at 10:09 A.M. Motion carried.

All of which is respectfully submitted

**MEMORANDUM OF UNDERSTANDING BETWEEN IROQUOIS COUNTY AND THE
WM. JODA CRABTREE TRUST AND JANE E CRABTREE TRUST REGARDING
PARCELS #26-04-400-012, 26-04-400-011 & 26-03-300-002**

There was discussion regarding a tiling project on the County Farm. It was noted by Mr. Zumwalt that at this time, the Crabtrees were not willing to move forward with the Memorandum of Understanding and fees for the tiling due to the ratio of their land that would see a benefit opposed to the County. Mr. Zumwalt felt another 30 days was necessary to ensure things can progress. Chairman Shure felt time was of the essence in putting the project out for bid and thought the County should move forward with that project. The bid request would only cover the tiling of

the County land. There was additional discussion regarding the matter. It was moved by Mr. Zumwalt to table the Memorandum of Understanding for the tiling project with the Crabtrees. The motion died for lack of a second. It was the consensus of the Board that since there had been no action taken by the committee, the memorandum of understanding could be sent to the Management Services Committee without a motion from the Board.

STATE OF ILLINOIS IROQUOIS COUNTY

County Board, Recessed Session

May 10, A.D., 2022

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Finance/I.T.** would beg leave to submit the following report on the matters before them:

Your committee met at the Administrative Center on May 5, 2022 at 9:00 A.M. Members present were Michael McTaggart, Joe Young, Charlie Alt, Paul Bowers, Ernie Curtis and Steve Huse. Sherry Johnson was absent. Also present County Board Chairman John Shure, Finance Manager Jill Johnson, Sheriff Clint Perzee, County Clerk Breein Suver, Treasurer Kurt Albers, County Engineer Joel Moore, Supervisor of Assessments Bob Yergler, EMA Director Eric Ceci, ETS Director Eric Raymond, Myron Munyon with Compass Insurance, Suzie Werner with HomeStar Insurance, Bernie McCarty with Area-Wide Technologies, IEDA Director Angel Crawford and Alderman Mark Garfield.

The meeting was called to order.

It was moved by Michael McTaggart and seconded by Joe Young to amend to agenda to discuss and take action on the electronic recycling event following the group insurance report and to discuss and take action on food service bids prior to approving the monthly claims. Motion carried by a voice vote.

It was moved by Paul Bowers and seconded by Steve Huse to approve the amended agenda. Motion carried by a voice vote.

There were no public comments.

Myron Munyon with Compass Insurance reported no activity for the month. Replacement costs for all of the buildings continue to be worked on. Once complete, Munyon will present the report to Finance Manager Jill Johnson and the Finance committee.

Suzie Werner with HomeStar Insurance reported now that the County has been with Blue Cross Blue Shield for six months, she feels it would be a good time to send out an email reminding the employees of all the extras they have to offer.

Alderman Mark Garfield announced the City of Watseka is planning on holding an electronic recycling event on September 10th and would like to County to participate as they have done in the past. Iroquois County will pay 50% of the cost. Garfield said the City is also looking to hold the event in another location due to the amount of traffic and requested the Administrative Center parking lot be used to help with traffic flow. Sheriff Clint Perzee also offered the use of the parking lot at the Courthouse, if needed. It was moved by Young and seconded by Huse to support the electronic recycling event with the City of Watseka at 50% of the cost on September 10, 2022 and allow the usage of the Administrative Center or Courthouse parking lots. A roll call vote was taken. Motion carried.

Bernie McCarty with AreaWide Technologies gave his report as follows:

- AreaWide continues to work on approved projects such as battery backups and the disaster recovery server.
- Johnson added that the new A/V system was installed Tuesday. The cost of the project was \$8,067 and is being funded by American Rescue Plan Act (ARPA) funds.

The department heads gave their monthly reports. They are as follows:

- ETS Director Eric Raymond reported his new hire, Erin Curran, began employment on April 19th. ETSB approved a fire suppression system for the server room at their May 4th meeting. This is an ETSB project and no County funds will be involved. They also approved the VOIP system. This is due to AT&T's problems with the phone lines and the extinction of the POTS lines in August. There was a grant project planned for a GIS flyover. The state is now doing one large flyover.
- County Clerk Breein Suver reported the County Clerk's Office rolled to the Treasurer's Office last week and sample tax bills were checked. Suver said she is

expecting to receive an invoice for the key fob entry installation on the election room door and the back door of the Clerk's office. She will bring the invoice to the board meeting for approval. The invoice is being paid through an election grant and has to be submitted by May 15th.

- Supervisor of Assessments Bob Yergler reported a retirement in his office at the end of June. The job vacancy has been posted.
- Treasurer Kurt Albers reported property tax bills are printed and will go in the mail on Friday. Due dates are June 9th and September 9th.
- EMA Director Eric Ceci reported he is working on setting up trainings for fire chiefs and police chiefs for Hyperreach, our mass notification system. Last month was hazardous materials safety month. The EMA Department is working on social media posts for prom safety. Last week, Ceci attended the Illinois Emergency Services Management Association (IESMA) training summit and received the O.D. Troutman Outstanding Service to Emergency Management Award. The state has accepted Ceci's last revisions to the Hazard Mitigation Planning grant and has been submitted to FEMA.
- Sheriff Clint Perzee reported the Sheriff's Department has been looking into upgrading the radio system for the deputies due to safety concerns. There have been times when officers are not able to reach ICOM and not having any radio connection with the officers. ICOM is logging instances with no communication or poor communication with officers on portables. There have been 21 instances since April 13th and ICOM often contacts the officer on their cell phone to reestablish contact and check status. Two radio system solutions were tested. One did not provide adequate coverage, one was good but infrastructure needs to be bolstered. Perzee is looking into grant funding options for offer safety. The phone system upgrade between the Sheriff's Office, Jail and ICOM to the same system as the Courthouse and Administrative Center is moving forward. Three phone lines are recorded, which requires additional equipment. Perzee spoke with Suver about panic button improvements in the Administrative Center. Body cameras are not a requirement until 2025 for our department. Perzee is researching grants to assist in funding. Perzee said he would like to see the Sheriff's Department and the Watseka Police Department utilize the same vendor to ease the burden on the State's Attorney's Office.

The committee held discussion on the Power DMS service. The first year of service is 100% reimbursable from ICRMT. As an additional benefit, the County will receive a 15% discount on the onboarding costs and a 10% discount on any recurring maintenance costs. It was moved by Young and seconded by Charlie Alt to approve the Power DMS service for a one year period and reassess after the year has passed. A roll call vote was taken. Motion carried.

McTaggart opened bids for the food service at the Jail as follows:

- Iroquois Memorial Hospital – bid 1 (based on one cold meal and two hot meals per day).
 - Breakfast: Cold meal. Food stocked by IMH @ \$4 per meal.
 - Lunch: Hot meal delivered by IMH staff daily, largest calorie meal per day @ \$5.50 per meal.
 - Dinner: Hot meal delivered by IMH staff daily @ \$5.50 per meal.

- Iroquois Memorial Hospital – bid 2 (based on two cold meals and one hot meal per day).
 - Breakfast: Cold meal. Food stocked by IMH @ \$4 per meal.
 - Lunch: Hot meal delivered by IMH staff daily, largest calorie meal per day @ \$5.50 per meal.
 - Dinner: Cold meal delivered by IMH staff daily when lunch is delivered @ \$5.50 per meal.

Iroquois Memorial Hospital stated their cost proposal is based upon a cost per meal per day basis. If chosen, IMH will submit invoices monthly based upon the number of meals served. Meal costs factor in labor, delivery, cost of raw ingredients, cost of containers, cost of utensils and cost of condiments. At this time due to staffing issues, delivering one hot meal per day is the most likely scenario. This may change in the future to allow IMH to provide two hot meals per day.

- Aramark – current vendor
 - Inmate population 19 and below: \$3.25 per meal
 - Inmate population 20: \$3.19 per meal
 - Inmate population 21: \$3.10 per meal
 - Inmate population 22: \$2.90 per meal
 - Inmate population 23: \$2.88 per meal
 - Inmate population 24: \$2.79 per meal
 - Inmate population 25 and greater: \$2.67 per meal

Johnson stated the current cost with Aramark is \$3.53 per meal. Perzee added that if IMH is selected, they will not need to use our kitchen or any of the appliances and will save us money in maintenance costs. Perzee said there has been an ongoing issue with Aramark’s staffing and there have been times when several days will pass before an employee arrives with meals. When this situation occurs, fast food for the inmates is purchased using funds from commissary. On average, maintenance costs for the Jail kitchen are at \$1,100 per year. It was moved by McTaggart and seconded by Young to table action on food service bids until next month. Motion carried by a voice vote.

The committee reviewed the claims. It was moved by Huse and seconded by Ernie Curtis to pay the claims subject to County Board approval. A roll call vote was taken. Motion carried.

There was no old business.

During new business, Young suggested Bernie McCarty with AreaWide attend quarterly meetings due to the Finance and I.T. committees being merged.

As there was no further business to come before the committee, it was moved by Bowers and seconded by Young to adjourn at 9:51 A.M. Motion carried by a voice vote. All of which is respectfully submitted.

MOTION

There was discussion regarding the application that was made by the Coroner, for funds to cover the estimated costs of building a morgue. Chairman Shure suggested that he, Mr. Behrends, and the Coroner meet with Larry Mahoney, the architect that has been consulting with the County for the building of the Animal Control building and morgue, to come up with specifications for the building before the project goes out for bid. Mrs. Crow felt this should be something the

Management Committee should be in charge of and felt personal agendas were going to be promoted should this not go to committee. Chairman Shure said there needs to be a starting point and he felt in order to get the very best for the citizens of Iroquois County, a smaller group of people would be able to get a more accurate list of specs put together for the bid rather than a group of 10 people. He also feels it will be a way to expedite the process. It was moved by Mr. Huse and seconded to move forward with Chairman Shure's suggestion to have the Chairman, Vice Chairman Lyle Behrends, the Coroner, and Mr. Mahoney meet to prepare the specifications for the proposed morgue. The motion carried by a roll call vote.

May 10, A.D., 2022

Mr. Chairman and members of the County board:

| County Highway | \$78,462.57 |
| County Bridge | \$16,033.25 |

| | |
|-----------------|--------------|
| County Matching | \$77,524.04 |
| TBP | \$0.00 |
| County MFT | \$103,845.28 |
| Township MFT | \$432,691.51 |

County Engineer Joel Moore discussed the township bridge inspection contract. Currently, the County uses Fehr Graham for bridge inspections but the individual that performs the inspections is no longer doing them and there is a price increase. Moore spoke with other County Engineers and decided upon entering into a contract with Willett Hofmann & Associates. Moore said the cost is slightly higher than what we are paying now but they will be providing more services. The total cost is \$82,500 but all of this is billed to the townships. It was moved by Ducat and seconded by Zumwalt to accept the contract with Willett Hofmann & Associates for township bridge inspections. A roll call vote was taken. Motion carried.

Moore provided an update on the security upgrades at the Highway Department. Security cameras and a key fob system has been installed. The alarm system is in the process of being installed. There is a \$708 annual fee for the alarm system. The system will alert the Sheriff's Department along with designated employees. The total cost of installation, including the first year of monitoring, is \$27,028.

There was no new business.

There was no old business.

As there was no further business to come before the committee, it was moved by Young and seconded by Ducat to adjourn at 9:25 A.M. Motion carried by a voice vote.

All of which is respectfully submitted.
