County Board, Recessed Session

August 8, A.D., 2023

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Management Services** would beg leave to submit the following report on the matters before them:

Your Committee met at the Administrative Center on July 31, 2023 at 9:05 A.M. Members present Lyle Behrends, Paul Bowers, Mitchell Bence and John Zumwalt. Donna Crow was absent. Also present County Board Chairman John Shure, Finance Manager Jill Johnson, Maintenance Supervisor Chris Drake, County Board members Charlie Alt and Doug Geiger, ETS Director Eric Raymond and Rolland King.

The meeting was called to order.

It was moved by Paul Bowers and seconded by Mitchell Bence approve the agenda. Motion carried by a voice vote.

There were no public comments.

Maintenance Supervisor Chris Drake's report included the following:

- Fire alarm systems have been inspected and re-certified at the Administrative Center and Jail. Metro Power performed their maintenance inspection on all three generators. The State Fire Marshal was on-site to re-certify and inspect the boilers at the Jail and Courthouse. Boilers at the Administrative Center will be certified and inspected in a few weeks. Carbon monoxide detectors were purchased and need to be installed in the boiler room.
- Maintenance was done on the County work truck.
- Drake reported an issue on the rooftop ventilation unit at the Jail.
- Drake continues to mow once a week at the Animal Control building.
- Backflow preventers need re-certified.
- Drake will begin servicing all boilers within the next couple of months.

- Per their contract, the USDA office is due for carpet cleaning and their floors need buffed and waxed. Drake will arrange for other offices in the Administrative Building to have their carpets cleaned as well.
- Drake will be replacing the paper towel dispensers in the bathrooms to help eliminate paper towel waste.

John Zumwalt addressed the committee about the Grant Street drainage project. Zumwalt stated he and County Board Chairman John Shure attended the City Council Finance Committee on July 18th. Shure and Zumwalt explained the project to the City Council Finance Committee and requested they pay half of the cost. At the end of the City Council meeting, it was agreed that the costs associated with the project need to be figured out. Zumwalt also said the size of the tile has been reduced from twelve inches to ten inches, which will decrease the cost. Zumwalt expressed his interest in putting the project out for bid. Shure said a rough estimate was received from Robinson Engineering of approximately ten dollars per foot. Zumwalt added the total footage is approximately 2,500 feet with 1,500 feet around the maintenance shed and 900 feet on Grant Street. There has been some concern from residents on Porter Avenue about whether or not it is going to impact the drainage system too heavily. ***(The following motion was removed and sent back to committee for further discussion and review, per action taken by the full County Board at their August 8, 2023 Recessed Session County Board meeting.)*** It was moved by Zumwalt and seconded by Bowers to put the Grant Street drainage project out for bid. A roll call vote was taken. Motion carried.

There were no updates on the County Farm.

Drake will be meeting with a contractor about fencing at the Animal Control building.

Shure spoke with the surveyor about the possibility of having the morgue at the maintenance shed and surveying the area. Shure has not received a report back. Shure, Paul Bowers, Coroner Bill Cheatum and Sheriff Clint Perzee also looked at the Fastenal building that is for sale. The building is very large, in good condition and has potential for additional office in the future. The price is also reasonable. Perzee has mentioned a need for additional space for vehicles. Other items to consider when purchasing another building is plowing another parking lot and additional maintenance work for Drake. Doug Geiger added that Iroquois Memorial Hospital would like the opportunity to work with the County in regards to the morgue. The hospital is planning to build where the old clinic was and could possibly plan a space for the Coroner. An approximate timeline for the new building is one year. The committee requested Shure set an appointment for another viewing of the Fastenal building. Continued conversations will be held with Iroquois Memorial Hospital and Shure will also follow up with the plans at the maintenance shed. Behrends asked that any other options in regards to the placement of the morgue be brought the Management committee next month.

The committee reviewed the claims. It was moved by Zumwalt and seconded by Bence to pay the claims, subject to County Board approval. A roll call vote was taken. Motion carried.

There was no old business.

There was no new business.

Mr. Chairman and Members of the County Board:

Your Committee to whom was referred **Tax/Zoning** would beg leave to submit the following report on the matters before them:

Your Committee met at the Administrative Center on July 12, 2023 at 9:40 A.M. Members present were Paul Ducat, Barbara Offill, Doug Geiger and Steve Huse. Jed Whitlow was absent. Also present, County Board Chairman John Shure, County Clerk Breein Suver, Supervisor of Assessment Bob Yergler, Treasurer Kurt Albers, Scott LePenske and Caroline Henning of Devnet and Loda Township Assessor Jim Shearl.

The meeting was called to order.

It was moved by Barbara Offill and seconded by Doug Geiger to approve the agenda. Motion carried by a voice vote.

There were no public comments.

Loda Township Assessor Jim Shearl discussed the process of computerizing/automating property tax records. Mr. Shearl gave the committee a proposal to automate the entire County with the CAMA system a few months ago. There are many advantages to automating such as all records being uniformly assessed. Mr. Shearl said he has found properties that haven't been assessed in 20 years or more. Supervisor of Assessment Bob Yergler added that all property cards are on paper and if there is a disaster of any sort, all items will be damaged or destroyed.

Vice President of Marketing for Devnet Scott LePenske gave a presentation to the committee. Devnet employs just over 60 employees with their headquarters being located in Sycamore, Illinois.
