**PUBLIC COMMENTS**

There were no public comments.

**CHAIRMAN COMMENTS**

Chairman Shure talked about the resolution opposing HB5855, which was passed by the Iroquois County Board at their December 2022 Recessed Session meeting. He confirmed that it has been well received. He has had several phone calls, emails, and text messages from people as far away as New York and California; along with citizens from other counties in Illinois that have requested copies of the resolution with the intent to follow suit and adopt a similar resolution. He talked about HB4412 which will affect zoning and the citing of windfarms. It was previously opposed by the Iroquois County Board when it was presented as a different bill. He feels we will receive the short end of the stick should the measure pass and encouraged the Board to remain steadfast in their beliefs and act accordingly.

Also, he mentioned if any County Board members are interested in business cards to see Doug Geiger or Amanda for assistance.

Lastly, he would like to remind the Board, beginning in December of 2022 there was a decrease in membership from 20 to 16 board members. If a member runs into illness or cannot make a committee meeting, please contact the Chairman of that committee and County Board Chairman so arrangements can be made to ensure committee functions are not inhibited.

**OUTSIDE ORGANIZATION REPORTS**

Angel Crawford, Executive Director of IEDA, reported that IEDA will be teaming up with the 370 Iroquois Area Regional Delivery System (IARDS) to host a Lunch and Learn event for local businesses. Their goal is to retain local talent from within Iroquois County.

**POLICY & PROCEDURE**

Chairman Shure gave the report of the Policy and Procedure Committee. Mrs. Crow stated in Policy 1030 Leave of Absence-Family Medical Leave Act (FMLA) (page60) of the Policy Manual, sentence 3 where care for a service member is mentioned; it should be amended to specify

military service member. Chairman Shure moved for adoption of the Policy and Procedure Committee report. The motion was seconded and carried by a roll call vote.

County Board, Recessed Session

January 10, A.D., 2023

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Policy & Procedure** would beg leave to submit the following report on the matters before them:

Your Committee met at the Administrative Center on December 29, 2022 at 9:04 A.M. Members present were County Board Chairman John Shure, Paul Ducat and Charlie Alt. Lyle Behrends, Michael McTaggart, Barbara Offill and Jed Whitlow were absent. Also present, Finance Manager Jill Johnson, ETS Director Eric Raymond, County Clerk Breein Suver, EMA Director Eric Ceci and County Board member Doug Geiger.

The meeting was called to order.

It was moved by Paul Ducat and seconded by Charlie Alt to approve the agenda. Motion carried by a roll call vote.

There were no public comments.

The Committee Chairs gave their monthly reports:

- Tax/Planning & Zoning chairman Paul Ducat reported the committee will hear their standard reports. The Health committee will also hear their standard reports.
- Highway chairman Charlie Alt reported the Highway committee will review and approve their monthly claims.

EMA Director Eric Ceci gave an update on the Hazard Mitigation grant stating FEMA has accepted the grant. Ceci has been advised to hold off on any grant activities until formal approval is received. Upon receipt of the approval, Ceci's first step will be to send out requests for proposals for a contractor to assist with the Hazard Mitigation Plan. Ceci is working on updating the Illinois Capability Assessment and THIRA Tool (ILCATT) as required by the State. In addition to this, Ceci is also completing a survey for the National Incident Management System (NIMS) certification. Early next year the County's Emergency Operations Plan is due to the State. The last update was in 2021. Ceci reported he will be on a webinar next week to discuss IEMA rule changes. County Board Chairman John Shure requested an update on the EMA vehicle. Ceci

responded the vehicle is doing well and he will be scheduling an appointment soon to have the air conditioner fixed. Shure noted it is important to stay up to date on the condition and future of the vehicle. The vehicle was donated to EMA. However, when it is at its end of life the question is, will the County Board be required to replace it. Ceci commented the County Board is not required to provide EMA with a vehicle but it has been helpful to have the vehicle during emergency situations rather than using personal vehicles. The EMA vehicle has approximately 80,000 miles on it.

Discussion on establishing a Facebook page for Iroquois County was tabled until next month. Executive Assistant Amanda Longfellow will gather details from EMA, Sheriff's Department, Health Department and other counties regarding their Facebook pages. It also needs determined whether the County would like a Facebook page for the County Board or for Iroquois County in general.

Finance Manager Jill Johnson gave an update on the sexual harassment training. The completion rate for 2022 ended at 90%. There were two departments that didn't complete any of the training. Johnson said one of the departments has several contracted employees and she had a conversation with them about how to handle their training in the future. For the coming year, Johnson will email the link to those that need to complete the training and in-person trainings can be scheduled as needed.

Continued discussion began on the personnel policy manual. The committee reviewed the policy along with the recommended changes from ICRMT as follows:

- Policy 1029 – Leave of Absence – Bereavement (page 59): Wording was added to include “attend the funeral or other services, to grieve the loss of or to attend to business necessitated by the death”. Language was also added to include the Child Bereavement Law.
- Policy 1030 – Leave of Absence – Family Medical Leave Act (FMLA) (page 60): Language was changed to read “For the employee’s own serious health condition.” Under the Amount and Granting of Leave, wording was added to include “The County uses the rolling, backward-looking method for determining the available FMLA leave in a 12 month period, except in cases of leave to care for a service member.” Also, “In other words, paid leave will run concurrently with unpaid FMLA leave. For FMLA leave requests made to care for a covered service member with a serious injury or illness, the single 12-month period begins on the first day the eligible employee takes FMLA leave.” Paragraph two of the While on Leave section includes “Working another job while on leave of absence is prohibited and will be cause for disciplinary action up to and including discharge.” Also, “An employee unable to return within the approved leave time frame should contact the County to determine if the employee may qualify for other benefits, including, but not limited to a reasonable accommodation under the Americans with Disabilities Act or Illinois Human Rights Act.” The third paragraph of the Procedure section strikes “In the event the Family Leave is for the employee’s own care, his/her health care provider must also certify either that he/she cannot perform any job or essential functions of his/her own job.” The fifth paragraph of the Procedure section changes language to read “When an employee takes FMLA leave for the employee’s own serious health condition.” In regards to the FMLA

Notice of Eligibility Form, it was recommended the County review the Department of Labor's updated forms and replace the forms as necessary.

- Policy 1031 – Leave of Absence – Holiday (page 75): Paragraph D of the Responsibility section includes the language “except as set forth above.” Paragraph C also includes the language “of holiday pay for the reasons set forth above”
- Policy 1032 – Leave – Medical (page 77): Verbiage under Policy was changed to state that failure to provide a written request for the leave of absence may be considered job abandonment and an employee unable to return within the thirty day time frame may be terminated. County Board, Recessed Session  
January 10, A.D., 2023

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Finance/I.T.** would beg leave to submit the following report on the matters before them:

Your committee met at the Administrative Center on January 5, 2023 at 9:00 A.M. Members present were Michael McTaggart, Lyle Behrends, Doug Geiger, Chad McGinnis and Scott Watts. Charlie Alt and Paul Bowers were absent. Also present, County Board Chairman John Shure, County Board Members Donna Crow, Finance Manager Jill Johnson, Sheriff Clint Perzee, County Clerk Breein Suver, Treasurer Kurt Albers, Coroner Bill Cheatum, Probation Director Tom Latham, EMA Director Eric Ceci, Bernie McCarty with AreaWide, Myron Munyon with Compass Insurance and Suzie Werner with HomeStar Insurance.

The meeting was called to order.

It was moved by Chad McGinnis and seconded by Doug Geiger to approve the agenda. Motion carried by a voice vote.

There were no public comments.

Myron Munyon with Compass Insurance had no new business to report to the committee.

Suzie Werner with HomeStar Insurance reported the deductibles with Blue Cross Blue Shield reset on January 1<sup>st</sup>. Also, the HRA feed from Blue Cross Blue Shield to Envision is going well.

Bernie McCarty with AreaWide reported everything is going well and all planned projects for last year are complete. McCarty provided the committee with backup internet pricing from Mediacom. The business pricing is \$169 month. If our current connections fails, the backup internet connection will allow for no downtime. Doug Geiger stated there are other internet options that are more cost effective, such as Conxxus. He will provide contact information to McCarty and Finance Manager Jill Johnson. Finance/I.T. chairman Michael McTaggart asked McCarty to get a quote from Conxxus and the committee can make a decision on the backup internet plan next month. Johnson added that a lot of the major I.T. projects were completed last year. Adam Sadorus with AreaWide has spent a lot of time cleaning up items on the backend and continues to stay busy with onsite work on Tuesdays. There are no major projects scheduled for this year.

The department heads gave their monthly reports. They are as follows:

- EMA Director Eric Ceci reported he is focused on 3 IEMA requirements that are due including the Illinois Capability Assessment and THIRA Tool (ILCATT). The County Emergency Operation Plan is due in a couple of months. Revisions are due every 2-3 years. Ceci is working on a NIMS certificate compliance survey. Ceci received notification that FEMA has accepted our application for the Hazard Mitigation Plan grant. He has been advised to wait until the State sends an execution letter before activities are planned. Once the execution letter is received, Ceci will put out a request for proposal for a contractor to write the Hazard Mitigation Plan. Lastly, a public hearing was held last night for the Farmers Market fees. Public Act 102-0862 was passed in the State legislation last year. Ceci explained this Public Act covers frozen, potentially hazardous foods that are pre-packaged at a licensed or permanent processing facility that have the main ingredient grown or raised on the farmers farm; or meat, poultry, dairy, eggs raised

or grown on the farm of the farmer selling the food product. Ceci said the point of the hearing, which was required by this law, was to give locals an opportunity to voice their opinions on what they believe to be a reasonable fee or if fees shouldn't be charged. A decision on the fees should be made at the next Board of Health meeting. County Clerk Breein Suver asked for clarification on whether or not the County Board would be passing an ordinance once the Board of Health has made their decision.

- Probation Director Tom Latham reported the Probation Officer's contract expired November 20<sup>th</sup>. Negotiations have begun for the new contract.
- County Clerk Breein Suver reported she received two resolutions from the County's trustee for the sale of parcels that the trustee has acquired through the delinquent tax process. Suver will bring the resolutions to the County Board for approval.
- Sheriff Clint Perzee reported new updates on the SAFE-T Act as of December 30<sup>th</sup>. SAFE-T Act provisions for no cash bail have been put on hold per Illinois Supreme Court. Deputy Ben Ravens will be attending the PTI Police training in Champaign on January 8<sup>th</sup>. Delmar Owens was hired to replace Deputy Ravens in Corrections. Deputy Jeremy Allison was hired for the DCFS contract position. Perzee provided an update on the radio system upgrade stating Motorola has completed site walks at possible tower site locations and they will provide a price for equipment. Perzee also provided year-end statistics for the committees review.
- County Treasurer Kurt Albers reported he is waiting to hear back from a local banker that is interested in bidding on the County's certificates of deposit.
- Coroner Bill Cheatum reported he currently has 3 deputies, 2 that are on payroll and 1 that is paid from the Coroner's Automation Fund. This deputy is not readily available to take calls but Cheatum's Chief Deputy has offered to pick up the calls. Cheatum said he will be increasing the salary of the Chief Deputy from the Coroner's Automation Fund.
- Finance Director Jill Johnson reported the audit engagement letter has been received and signed electronically. Auditors have been onsite for two days performing preliminary work and will be back next week to continue their work.

Effective January 1, 2023, the Internal Revenue Service increased the standard mileage from 62.5 cents per mile to 65.5 cents per mile. It was moved by McTaggart and seconded by McGinnis to adopt the new Federal mileage rate of 65.5 cents per mile. A roll call vote was taken. Motion carried.

County Board Chairman John Shure attended a meeting of the 911 Advisory Board via Zoom in December. Shure said the meeting resulted in a lot of good information. He provided an example stating they have initiated a project to determine what states around us and how they are structured for their funding of Joint Dispatch. Shure doesn't know when those results will be available but the information should be very helpful as far as resolving the situation. Shure will be attending another 911 Advisory Board meeting on Monday, January 9<sup>th</sup> and will be able to provide additional updates at the County Board meeting, if appropriate. On Wednesday, January 11<sup>th</sup>, Shure and ETS Director Eric Raymond have a meeting scheduled in Champaign with a member of the 911 Advisory Board. At this time there is no recommendation on a meeting date regarding Joint Dispatch fees for 2023.

Shure reported he has received notice from the FOP Union Representative that the Telecommunicators are ready to begin negotiations.

The committee reviewed the claims. Scott Watts questioned claims submitted to the Finance committee that should be submitted to the Judicial committee. It was explained that if claims are turned in late, the claims are submitted to the Finance committee for approval rather than making the vendor wait another month or longer to receive payment. Geiger expressed his opinion that there is a claims deadline and it should be followed. Geiger also asked how late claims affect the budget. Johnson said the late claims do not affect the budget, they are still paid from the appropriate fund. Overall, the final decision to pay the claims is made by the full County Board. It was moved by McGinnis and seconded by Lyle Behrends to pay the claims subject to County Board approval. A roll call vote was taken. Motion carried.

There was no old business.

There was no new business.

As there was no further business to come before the committee, it was moved by Behrends and seconded by McGinnis to adjourn at 9:37 A.M. Motion carried by a voice vote. All of which is respectfully submitted.
