PUBLIC COMMENTS

Anita Richert spoke about her concerns with the Conditional Use Permit for Louis Creek Solar and wanted to ensure the drainage tiles are protected. She spoke of dangers which could cause pollution in the water ways. The landowners cannot get pollution insurance. The water way goes right through the project. She voiced concerns about the health and safety of our local towns and surrounding areas to the proposed project.

Martha Genzel also shared concerns about the Louis Creek Solar Project. She asked for sound assurance that the drainage tile is protected.

Derek Crouse, with Crouse Canine, spoke to the Board about Animal Control. Derek discussed working on legislation regarding dog training with State Representative Bunting.

David Griscom, lead developer with Allium, thanked the Board for taking the time to reflect and take a closer look at the potential drainage issues in their proposed project site. He understands the concerns of protecting the health and safety of those within the district.

Mark Rust of Loda, spoke of concerns with the Two Roads Solar project. His concerns included potential drainage issues, in addition to concerns of potential field fires.

Ashton Merbach with Ranger Power and representing the Two Roads Solar project, spoke about how they have met all the requirements to move forward with their project by going above and beyond the minimum standard.

**RESOLUTION NO. R2026-5
RESOLUTION TO CONGRATULATE THE WATSEKA JUNIOR HIGH 8th GRADE
BOYS BASKETBALL TEAM**

(Resolution No. R2026-5 has been recorded and placed on file in the County Clerk's office.)

Chairman Ducat presented Resolution No. R2026-5, a Resolution to Congratulate the Watseka Junior High 8th Grade Boys Basketball Team. The Watseka Junior High 8th Grade Boys Basketball Team won the Iroquois County Conference Tournament held at Tri-Point on December 10, 2025. It was moved by Mr. Williams to approve Resolution R2026-5. The motion was seconded and carried by a roll call vote.

OUTSIDE ORGANIZATIONS

Angel Crawford Executive Director with Iroquois Economic Development Association presented her monthly news bulletin. Ms. Crawford met with Loren Petrakis, Executive Administrator with Alliance Polysacks to discuss how we can help with their business. Crawford announced that Watseka Community Renewal Small Business Grant. The Watseka Community Renewal will be opening their Small Business Grant February 1st and will be awarding 5 Watseka Businesses \$1,000.00. The applications are due back to the Watseka Area Chamber of Commerce by April 1, 2026. The Illinois Farm to Food Bank Capacity Building Grant is open and accepting the applications until March 8, 2026. Crawford also informed the County Board of the family fun events going on in the local community.

**MANAGEMENT SERVICES COMMITTEE
COUNTY FARM LEASE**

Mrs. Perkinson, Chairman of the Management Services Committee, gave the report of her committee. At this time, the Board discussed the County Farm Lease and the need to re-bid the lease. It was noted that changes needed to be made to the lease that was presented to the Board for approval. Those changes include the date on the first page of the lease needed to be updated to March 10, 2026. The term of the lease would be March 10, 2026 to March 10, 2029. On page 2. Section 1, A. would need to be updated to read that the amount of \$28,496 for the 2026 crop year fertilizer expense to be paid March 10, 2026. Section 5, C. should be updated to include 100% of the rent due by March 10, 2026 and 100% by the end of business

day, March 1st for the remainder of the contract. Lastly, Section 7, part 5 will include that the 2026 fertilizer payment is due March 10, 2026. It was moved by Mrs. Bakken and seconded to move forward with the County Farm Lease with the aforementioned changes. The motion carried by a roll call vote.

**STATE OF ILLINOIS
IROQUOIS COUNTY**

County Board, Recessed Session

February 10, A.D., 2026

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Management Services** would beg leave to submit the following report on the matters before them:

Your Committee met at the Administrative Center on February 2, 2026 at 9:01 A.M. Members present were Kathleen Perkinson, Donna Crow, Roger Bard and John Grant. Jamie Bakken was absent. Also present, County Board Chairman Paul Ducat, Maintenance Supervisor Chris Drake, ETS Director Eric Raymond, Planning & Zoning Administrator Julie Feller and County Board Member Charlie Alt.

The meeting was called to order.

It was moved by Donna Crow and seconded by John Grant to approve the agenda. Motion carried by a voice vote.

There were no public comments.

Maintenance Supervisor Chris Drake's report included the following:

- The elevator at the Courthouse was pressure tested and recertified. Also, the chemical suppression system in the 911 server room was tested and recertified.
- An issue with a heat pump in the Workforce Development Office was resolved.
- Carpets were cleaned in the boardroom. Drake noted that carpet cleaning occurs on an as needed basis except for the USDA Office, which includes regular carpet cleaning in their contract.
- Light fixtures in the Circuit Clerk's Office were converted to LED, and the parking lot fixture was disconnected until it can be repaired.
- An expansion tank in the Jail basement sprung a leak and has been patched temporarily until the new tank is installed.
- Drake discussed future snow removal plans and will present more information to the committee in the coming months.

Reports for the 2025 County Farm crop year have not been received.

A meeting was held with the County Farm tenant to address several concerns, including the financial capability of continuing to provide service to the County. The meeting resulted in the tenant relinquishing his contractual obligations to the Iroquois County Farm effective January 28, 2026. The letter was signed by the tenant and received by Chairman Paul Ducat and Vice Chairman Jamie Bakken. The committee discussed letting out County Farm bids and reviewed the current lease terms as well as the notice of inviting bids. Changes were made as follows to the lease:

- The term of the lease will remain at 3 years.
- Section 1, A., Method 1: add *plus \$28,496.18 for the 2026 crop year fertilizer expense to be paid within thirty (30) days.*
- Section 3, D.: *All labor necessary to make de minimis repairs to tile lines.*
- Insurance requirements in Section 4 were increased to \$3 million.
- Section 7: change language to *Results of the most recent soil test may be shared with the Lessee at the Lessor's discretion.*
- Section 7: remove *construction* from line 3. Language should read *Lessee is expected to work with the Soil and Water Conservation authorities as well as the Iroquois County Management Committee on the maintenance of a drive-thru waterway. Lessor will except the waterway acres from the cash rent acreage calculation.*
- Section 7: Lessee pays 100% of fertilizer bills *within 30 days of receipt.*
- Section 7: The fertilizer contract for this lease will be the subject of a separate bid procedure *conducted by the Lessor.*
- Lessee must report yields by field within thirty (30) days of harvest *and provide GPS yield date, if available.*
- Section 7: add *Lessee to notify Lessor of any tile damage or required repairs within fifteen (15) days of discovery.*

Changes were made as follows to the notice of inviting bids:

- Bids will be due no later than 4:00 P.M. on Tuesday, February 24, 2026 and will be opened at the Management Committee meeting on Monday, March 2, 2026

- Section 4. Terms: *The successful bidder(s) must execute a three-year written cash rent lease on terms set by the Iroquois County Board, which includes payment of \$28,496.18 for the 2026 crop year fertilizer expense to be paid within thirty (30) days. A copy of the proposed lease terms is available at the Office of Breein Suver, Iroquois County Clerk.*
- Section 7. Successful bidder shall provide full payment each year of the contract by end of business day on March 1st, with the first payment due on March 10th.

It was moved by Crow and seconded by Roger Bard to recommend County Board approval to accept the changes made to the County Farm lease and the Notice of Inviting Bids and to publish the Notice of Inviting Bids for the County Farm. A roll call vote was taken. Motion carried. The Notice of Inviting Bids will be published on the County's website as well as in the Times Republic, Cissna Park News and The Advocate.

The committee reviewed the claims. It was moved by Bard and seconded by Grant to pay the claims, subject to County Board approval. A roll call vote was taken. Motion carried.

During old business, Crow informed Myron Munyon with Compass Insurance of the increased \$3 million liability in the County Farm lease.

During new business, Kathleen Perkinson noted that Zoning Board of Appeals meetings are being held on a regular basis and there has been difficulty achieving a quorum for these meetings. Planning & Zoning Administrator Julie Feller will be resending a list of the districts that have the ability to add ZBA members. Perkinson asked that the board members in these districts make recommendations of individuals who would be able to serve on this board. Perkinson also asked board members to be careful when sending email communications to the entire board.

As there was no further business to come before the committee, it was moved by Bard and seconded by Grant to adjourn at 10:09 A.M. Motion carried.

All of which is respectfully submitted.

s/Kathleen Perkinson
s/Donna Crow
s/Roger Bard
s/John Grant

FINANCE/IT/TAX COMMITTEE
&
RESOLUTION NO. R2026-9
RESOLUTION AUTHORIZING THE SALE OF PARCEL # 26-29-204-002
(Resolution No. R2026-9 has been recorded and placed on file in the County Clerk's office)

Mrs. Bakken, Chairman of the Finance/IT/Tax Committee, gave the report of her committee and presented Resolution No. R2026-9 for approval. ETS Director Eric Raymond noted updated amounts for dispatching for police departments were available with the following amounts: Ashkum \$2,600, Clifton \$2,600, Buckley \$3,000, Cissna Park \$3,000,

Milford \$3,000, Onarga \$3,000, Sheldon \$3,000, and Woodland \$1,000. And the total for fire departments was updated to \$1,273.39 per department for a total of \$25,467.75. It was moved by Mrs. Bakken and seconded to approve the Finance/IT/Tax Committee report and Resolution No. R2026-9. The motion carried by a roll call vote.

IROQUOIS COUNTY**

County Board, Recessed Session

February 10, A.D., 2026

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Finance/I.T./Tax** would beg leave to submit the following report on the matters before them:

Your committee met at the Administrative Center on February 2, 2026 at 10:25 A.M. Members present were Kathleen Perkinson, Charlie Alt and Donna Crow. Jamie Bakken was absent. Also present, Sheriff Clint Perzee, County Clerk Breein Suver, Supervisor of Assessments Mia McCammon, ETS Director Eric Raymond, Adam Sadorus and Jeff Facer with AreaWide Technologies, Myron Munyon with Compass Insurance, Suzie Werner with HomeStar Insurance Services and County Board member Jed Whitlow.

The meeting was called to order.

It was moved by Donna Crow and seconded by Kathleen Perkinson to approve the agenda. Motion carried by a voice vote.

There were no public comments.

Myron Munyon with Compass Insurance reported all policies have been issued are in effect. The cyber security policy renewal will be coming up in June or July.

Suzie Werner with HomeStar Insurance Services reported the health plans renewed in December and deductibles reset in January.

Jeff Facer with AreaWide Technologies requested the cyber security renewal application be forwarded to them for completion. Facer noted an incident that occurred a few weeks ago involving a file that was downloaded onto the network. The file was not what it appeared to be and the EDR software that was newly implemented isolated the machine from the network until an AreaWide team member was able to remove it. Kathleen Perkinson informed Facer of an issue with the newly installed microphones and asked for some assistance.

The department heads gave their monthly reports. They are as follows:

- Sheriff Clint Perzee presented his monthly report to the committee. Two Ford Interceptors have been ordered from Morrow Brothers but it is unknown if they will be delivered by December 1st, as promised. Perzee said he is looking into a Chevrolet Tahoe with 60,000 miles and fully equipped. Correctional Officer Andrew Medina has resigned from the department. Perzee is in the process of interviewing potential candidates. Perzee submitted an additional claim to the committee for approval payable to Andrew Medina.
- Supervisor of Assessments Mia McCammon reported that Board of Review wrapped up last week. Wal-Mart filed an appeal this year as well as one case at the property tax appeal board. Both cases were stipulated. McCammon will begin preparing the final abstracts over the next couple of weeks to send to the Illinois Department of Revenue. McCammon also reported her office is looking to do a complete exemption overhaul. McCammon said she will be requesting everyone update their exemptions with the Assessment Office. Notices will be mailed out. It was suggested that McCammon put out a press release regarding the matter. McCammon attended the Illinois Association of County Board Members seminar in Springfield which addressed the newly enacted clean and reliable grid affordability act. McCammon will forward information to the County Board members.
- County Clerk Breein Suver reported that statements of economic interest will be mailed out March 2nd. Early voting will begin February 5th. Vote by mail ballots are expected to be postmarked and mailed on Monday. Suver explained the postal service's postmark procedures. Notices will be mailed explaining the time sensitive nature of getting ballots postmarked and mailed.
- ETS Director Eric Raymond reported he and Donna Crow met with the fire departments to educate them on Joint Dispatch fees and the budget. The meeting was well received, and many good questions were asked. The committee also has the task of continuing discussions with the City of Watseka and joint dispatch funding. No further conversations have been held with the City of Watseka. Raymond requested immediate action be taken in regard to the Joint Dispatch billing as they invoices have not been mailed. The budget for fire departments is \$26,683.93 and will amount to \$1,334.20 per department for billing purposes. The budget for EMS is \$6,080.93 and will amount to \$1,216.19 per department for billing purposes. The budget for police departments is \$22,500.73 but the billing is not equally divided by department as some towns do not have a police department and some have policing contracts with Iroquois County. Lastly, Raymond reported a vacancy in the 911 enter.

Suver presented a resolution for the surrender of a tax sale certificate. Suver explained the property was purchased by the trustee at the tax sale and the owner has paid the trustee. The owner will retain the property located in Woodland. It was moved by Crow and seconded by Perkinson to approve the resolution for the surrender of a tax sale certificate. A roll call vote was taken. Motion carried.

It was moved by Crow and seconded by Charlie Alt to recess the committee meeting at 11:16 A.M. Motion carried by a voice vote.

It was moved by Crow and seconded by Alt to call the meeting back to order at 11:30 A.M. Motion carried by a voice vote.

The committee reviewed the Joint Dispatch spreadsheet detailing each entity billed and their payment history. Of the 10 police departments, Gilman does not have a contract and Buckley and Cissna Park have their joint dispatch fees included in their policing contracts with Iroquois County. The joint dispatch fees for Buckley and Cissna Park are unknown, and the contracts will need to be reviewed to determine their amounts.

Raymond discussed and requested approval for the installation of an AT&T Firstnet cell booster for the administrative building. Raymond stated this is a free service being offered by AT&T Firstnet. He was initially planning to utilize this service for the 911 Center only but AT&T did say it would be for the entire building. The current cell booster is out of commission and needs replaced. The committee expressed concern with AT&T services and possibly future charges. No action was taken at this time.

Raymond discussed the hiring of a tenth telecommunicator in the 911 Center. Raymond said he approached the committee last year about this position and would like to begin discussions again. Perkinson requested Raymond provide the committee with detailed information for further discussion next month.

Discussion was held on the finance committee reports. The Treasurer's Office distributed the January 2026 state payment report. The committee would like to see an updated account list and reconciliations.

Perkinson discussed Zoning Board of Appeals stating they are very active right now with the solar projects and are struggling to obtain a quorum. Perkinson asked that the County Board members submit recommendations for the ZBA to Planning & Zoning Administrator Julie Feller.

The committee reviewed the claims. It was moved by Alt and seconded by Crow to pay the claims, including the additional claim submitted by Sheriff Clint Perzee, subject to County Board approval. A roll call vote was taken. Motion carried.

There was no old business.

There was no new business.

As there was no further business to come before the committee, it was moved by Perkinson and seconded by Crow to adjourn at 12:05 P.M. Motion carried by a voice vote. All of which is respectfully submitted.

s/Kathleen Perkinson
s/Charlie Alt
s/Donna Crow

HEALTH COMMITTEE

Mrs. Crow, Chairman of the Health Committee, gave the report of her committee and presented Iroquois County Animal Control Adoption Application and The Iroquois County Animal Control Foster Agreement. Mrs. Crow moved for adoption of all, which was seconded and carried by a roll call vote.

STATE OF ILLINOIS

Recessed Session, February 10, 2026

Chairman Ducat

On motion to approve the Health Committee report, The Iroquois County Animal Control Adoption Application and the Iroquois County Animal Control Foster Agreement

Aye: Alt, Bakken, Bard, Behrends, Bence, Crow, Ducat, Grant, Huse, McGinnis, Munsterman, Perkinson, Whitlow, Williams

STATE OF ILLINOIS

IROQUOIS COUNTY

County Board, Recessed Session

February 10, A.D., 2026

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Health** would beg leave to submit the following report on the matters before them:

Your committee met at the Administrative Center on February 3, 2026 at 10:43 A.M. Members present were Donna Crow, Steve Huse, Chad McGinnis, Roger Bard and John Grant. Jody Munsterman was absent. Also present, ICPHD Administrator Robin Allen, Animal Control Administrator Angela Frary, Amy Zabel with Iroquois Mental Health Center and Derek Crouse with Crouse Canine.

The meeting was called to order.

It was moved by Roger Bard and seconded by Steve Huse to approve the agenda. Motion carried by a voice vote.

During public comments, Derek Crouse with Crouse Canine reported Animal Control is doing well, and they are down to one dog in the building. Crouse provided information about certifying dogs for service.

During Agency Reports, Amy Zabel with Iroquois Mental Health Center reported IMHC has increased the number of hours provided each week for psychiatry. IMHC is also aware of the need for psychiatric coverage for children. Psychiatric Nurse Practitioner Carrie Greenley currently sees children down to age 12. Greenley will be taking additional training to allow her to see children younger than age 12. Health Chairman Donna Crow recommended IMHC inform the schools of this service. Zabel agreed but also stated that psychiatry is not available to the general public. These services are only available to IMHC clients.

ICPHD Administrator Robin Allen distributed the monthly summary report of programs and the quarterly grant reports. ICPHD participated in a lab fair with Iroquois Memorial Hospital and continued Narcan training with the libraries. There were 5 animal bites reported but none required treatment. ICPHD is adding after hours clinic for vaccinations as part of a new grant they received. These will be held Thursday, February 26th from 4:30 P.M. until 6:00 P.M. and Saturday, March 14th from 8:00 A.M. until 10:00 A.M. ICPHD will be participating in the health fair at Lyons and the Iroquois West college fair on February 18th. Senior Services reported 207 seniors utilizing services. The Board of Health meets tonight at 6:00 P.M.

Animal Control Administrator Angela Frary reported the Animal Control deposit for January was \$3,050. Animal Control had 41 calls for the month. There are currently 4 cats and 1 dog at the building.

Frary distributed the Adoption Application and the Foster Agreement for the committee to review. Both documents have been reviewed and approved by State's Attorney Mike Quinlan. Frary will present the Adoption Agreement next month for approval. It was moved by Huse and seconded by Chad McGinnis to approve the Iroquois County Animal Control Adoption Application and the Iroquois County Animal Control Foster Agreement. A roll call vote was taken. Motion carried.

Frary provided an update on the credit/debit card system stating the system has not been received but she has requested tracking information. Frary also provide an update on the credit card for Animal Control expenditures stating an American Express card has been ordered. Frary will be the only authorized user on the card.

Intergovernmental Agreements were mailed Friday, January 30th to the appropriate Cities and Villages. Frary will keep track of the agreements signed and returned and will keep the committee updated. Frary will also send a list of the agreements to the 911 Center and the Sheriff's Department.

The committee discussed department policies for Animal Control. A procedural manual from another County was provided at a prior meeting. Crow offered recommendations to include in the Iroquois County personnel manual pertaining to Animal Control.

Discussion was held on the County Ordinance for microchipping. The committee has already approved the fees, but an ordinance will need to be created, and the committee will need to determine where it should be located in the County Code Book. Animal Control must hold a low-cost microchipping clinic once per year. Crow added she would like to find a local veterinarian that will come to the building to offer rabies vaccinations along with microchipping.

The committee reviewed the claims. It was moved by McGinnis and seconded by Huse to pay the claims, subject to County Board approval. A roll call vote was taken. Motion carried.

Crow discussed the Animal Control budget and stated that there are line items not recorded correctly. Finance Manager Jill Johnson is correcting these items. Crow also discussed calls being received regarding dogs being left outside in extremely cold weather. Education is provided to the animal owner when calls such as this are received. Crow also suggested utilizing social media to educate animal owners and the general public during extreme heat and extreme cold weather conditions.

There was no old business.

During new business, Donna Crow stated the next Health meeting will be held at 9:00 A.M. on March 3rd. Frary also reported she has received contact information for low-cost vetting at the University of Illinois.

As there was no further business to come before the committee, it was moved by John Grant and seconded by Huse to adjourn at 11:35 A.M. Motion carried by a voice vote.

All of which is respectfully submitted.

s/Donna Crow
s/Steve Huse
s/Chad McGinnis

s/Roger Bard
s/John Grant

Mr. Chairman and Members of the County Board:

Your committee to whom it was referred **Planning & Zoning** would beg leave to submit the following report on the matters before them:

Your committee met at the Administrative Center on February 3, 2026, at 9:01 A.M. Committee Members present were Chairman Kathleen Perkinson, Steve Huse, Roger Bard, Jed Whitlow, and Chad McGinnis arriving shortly after the meeting began. Also, present Zoning Administrator Julie Feller, Madeline Ussery, Ashton Merbach from Ranger Power and legal counsel Dave Striecker, David Griscom, Andrew Keyt and Jesse Hopkins-Hoel from Louis Creek. Members of the public present were Diann Matter, Mark Rust, Anthony Conn, Ed Nieman, Annita Richert and Don Wauthier.

The meeting was called to order.

It was moved by Jed Whitlow and seconded by Steve Huse to approve the agenda. Motion carried by a voice vote.

Chairman Kathleen Perkinson asked that all public comments be kept to 3-5 minutes. Mark Rust of Loda informed the committee of his concerns on the drain tile throughout the project he thinks that all projects should reroute the drain tiles to ensure there is no damage to any during the building. He was also concerned that if the project land would be taxed commercially or as farmland still and what the quality of the projects build time, if Ranger Power is going to leave equipment lay while they are unable to build. He also asks about liability and if a potential disaster were to happen is the solar company going to pay for damages or is it on the landowner. Mr. Rust wanted to also know if the Solar Company would require a bond for bringing in materials. Mr. Rust mentioned he thinks the company should have a decommission fee upfront rather than paid for throughout the years of the project. He

mentioned mowing for ditches and roads around the project. He also questioned the validity of the real estate study made by ranger power. He was also worried about potential flooding of the site and how that would affect the panels with broken tiles. When Mr. Rust was done speaking Mr. McGinnis suggested that anyone who is concerned about the standards that have been set in place by the state should reach out to their legislators.

The second person to speak to was Anthony Conn. He brought surface area maps to show how surface water naturally travels north through a tile which eventually travels through the Louis Creek Project. He also made mention of the panels acting as a pavilion so when Iroquois County gets heavy rain, the runoff will cause erosion and with less water being brought into the drain tiles than what happens for the public. He informed the committee he believes a natural wildlife barrier can help prevent flooding and it would be a good idea to uphold the vegetative buffer ordinance.

The next person to speak was Ed Nieman. He informed the Committee when the field around this property floods it puts his house at risk of flooding too. He was made mention if it drifts when it snows and if the battery storage unit would interfere with snow drifts.

The next person to give comments was Annita Richert. She informed the Committee she is not against solar she just wants to protect the tiles and not cause harm to the citizens of Iroquois County. She stated there were going to be 156 posts in the ground and the tile survey Allium provided said the tiles could be within 3-4 of where the survey says so there is no way you can make a building plan that's not going to affect any tiles if you don't know exactly where they are. She was also concerned about the battery storage sitting in water because the location they picked is the lowest part of the farm. She also stated that this wouldn't just affect Iroquois County it could also affect Kankakee County drinking water.

The next person to speak to was Don Wauthier. He was hired by Artesia Mutual Drainage District to assist them with technical aspects of solar farming. He stated the Solar Company has agreed to a contract with Artesia Drainage District for certain protective actions of the drainage district facility. He also passed out conditions he thinks should be included that were handed out at the ZBA Hearing. He informed the committee that the Illinois Attorney General Assembly has never prosecuted any solar or wind companies for failure to follow the Ag Mitigation Agreement just letters telling the companies to follow them.

The next of the public comments was from DiAnn Matter. She passed out papers of what other landowners who have had a project from Ranger Power had to say about the project, potential long-term health consequences of Lithium-Ion batteries and fire and safety of projects. When Ms. Matter was excused, Mr. McGinnis asked her if she was a landowner like she stated under oath, she confirmed that she owned land in Iroquois County, she later admitted her mom owned land and she did not.

The last comments were from Jesse Hopkins-Hoel. He informed the committee that he is chief developer for Allium Renewable Energy. He thanks the county for the opportunity to apply and the information his company has gained on drain tiles.

The Planning and Zoning report was read by Zoning Administrator Julie Feller. In the report, she stated Madi has finished her workforce hours and as of Jan 27th she is now a full-time County employee. For the month of January, there were 3 building permits and 7 other permits for solicitor license, variance applications and other things totaling \$5,800. The ZBA recommended conditions for both Two Roads Solar and Louis Creek Solar to come before the Zoning Committee and then Full Board. ZBA started the process for US Solar but there was not enough time so we will reconvene 2/18 at 7 PM. Commerce Street Solar has submitted

information for a building permit and have shared those documents with the committee. Reactivate starting to provide information for a solar project behind Walmart. Geronimo Power reached out with a wind project named Sprouting Skies. Ms. Feller stated that she attended a seminar in Springfield Friday (1/30) regarding ordinance change associated with clean and reliable grid affordability act. Clifton Propco subdivision at the nursing home ZBA scheduled for 2/24. Mrs. Feller also stated she has begun exam study for CFM Certification.

It was moved by McGinnis and seconded by Bard to approve the claims. The committee approved all claims by roll call vote. Ayes were Bard, Whitlow, Perkinson, McGinnis, and Huse. There were no Nays.

Mr. Andrew Keyt answered questions asked by the public. He informed everyone there is a property tax code which essentially requires that a developer of a project must pay taxes based on a formula on the name plate capacity of the project. He stated that the remaining land not used in the project is still taxed agricultural while the land that is used for the project is taxed differently. He also told the committee there are many acts in Illinois to prevent grass and weed overgrowth. Mr. Keyt stated that the Two Roads Project is willing to post 100% decommissioning funds upfront at building permit stage. Andrew informed the committee that any documents received today cannot be used as evidence. Mr. Huse asked Mr. Keyt for clarification regarding responsibility for a short fall in decommissioning funds. Mr. Keyt explained that the developer is typically responsible. The landowner would only be responsible for the tax on the remaining agricultural crops. Discussion regarding Two Roads Solar and Louis Creek Solar took place. Two Roads Solar has a special use permit, a variance request on timing for the interconnect agreement and a variance request for the timing of a drain tile Survey. For both variance request Two Roads Solar wants to move the timing from the time of special use permit application to the time of the building permit. Mr. Keyt informed the Committee they can request doing the drain tile survey a different way. Kathleen Perkinson requested Mr. Keyt attend Policy & Procedure to help draft additional language for the conditions being placed on Two Roads Solar. The concern is that the proposed method to obtain the drain tile survey may not be adequate for the entire project area. Kathleen Perkinson urged the committee to be flexible regarding screening for the Two Roads Solar project. Based on the size of this project we may need other alternatives that are a better fit for this project. Mr. Keyt said that some counties will have the landscape plan submitted for County Board approval at the building permit time frame. Further discussion with Mr. Keyt regarding absurdity bonds or a letter of credit. Mr. Keyt stated that he would view the language needed to relieve potential financial burden from the county.

It was moved by McGinnis to move forward to the Policy and Procedure Committee in order to review the language provided by our attorney about the drain tile and allowing County Board to have more weight in approving their plan to discuss the decommissioning proposal. The motion was seconded by Steve Huse. Roll call vote was taken, motion carried. Ayes were McGinnis, Perkinson, Whitlow, Bard and Huse.

Mr. Keyt gave a brief recount on the Louis Creek Solar conditional use application and the variance request associated with the project. Topics of concern are drainage tiles and the vegetative landscape including potential use of woven fence. Mr. Keyt informed the committee that there are several conditions already attached to this project, he is continuing discussions with the developer regarding said conditions. Mr. Keyt informed the committee that this developer does not want to provide 100% financial surety upfront. Mr. Keyt stated he believed there would need to be discussion regarding the developer having an agreement with the

drainage district. Mr. Keyt believes an agreement between the developer and the drainage district is obtainable. Mr. Keyt cautions making a drainage district agreement a requirement could lead to future litigation for the county. Mr. Keyt suggested that a drain tile agreement be in place at the time of building permit application. Mr. Keyt informed the committee that the drainage district has rights to enforce the repair of any damaged tiles through Illinois statute. Mr. McGinnis stated that he is uncomfortable granting a variance regarding the screen. He would like to see an agreement with our ordinance. Mr. Keyt stated regarding a variance request the hardship can be caused by the owner of the property or the developer. Mr. Keyt further stated that a detailed landscape plan could be approved later specifically at the building permit time. Kathleen Perkinson stated that we would need to be flexible and find a compromise with a vegetative screen that does not have invasive root system nor require extensive watering. She further stated that is drought tolerant would be best suited. Mr. Keyt suggested that the committee take the same type of condition as discussed with Two Roads Solar. Mr. Keyt addressed the changes to current ordinances that will need to be made regarding CRGA effective June 1st, 2026.

It was moved by McGinnis to send item 7 Discussion and Action regarding Louis Creek Solar to the Policy & Procedure committee subject to the recommendations set forth by Andrew Keyt regarding the screening proposal and the drainage agreement requirements. Motion was seconded by Roger Bard. Roll call vote was taken, motion carried. Ayes were Whitlow, Perkinson, Bard, Huse and McGinnis.

There were no Chairman Comments.

There was no old business.

During new business Chad McGinnis informed the committee that he met with the gentleman from the Americas Farmland Trust. It's a group trying to preserve farmland in the middle of renewable energy projects.

As there was no further business to come before the committee, it was moved by McGinnis and seconded by Bard to adjourn at 10:39 A.M. Motion was carried by a voice vote.

All of which is respectfully submitted.

ORDINANCE NO. 2026-1
CONDITIONAL USE APPLICATION OF LOUIS CREEK SOLAR
WITH CONDITIONS OF APPROVAL
(Ordinance No. 2026-1 has been recorded and placed on file in the County Clerk's Office.)

Ordinance No. 2026-1, the Conditional Use Permit Application for Louis Creek Solar, LLC was presented for discussion and action. Andrew Keyt, with Heyl, Royster went over the terms and conditions set forth and recommended by the Zoning Board of Appeals. He commented that the Conditional Use Permit moves the project forward and approval of the permit does not mean building can start right away. The conditions set forth and presented for approval will have to be met. Allium has agreed to all of the requests that were set out from

the drainage district and the Board must move the project forward. It was moved by Mr. Williams and seconded to approve Ordinance No. 2026-1, the Conditional Use Application of Louis Creek Solar, subject to the Conditions recommended by the Zoning Board of Appeals. The motion carried by a roll call vote

IROQUOIS COUNTY**

County Board, Recessed Session

February 10, A.D., 2026

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Judicial & Public Safety** would beg leave to submit the following report on the matters before them:

Your Committee met at the Courthouse on February 4, 2026 at 3:00 P.M. Members present were Jed Whitlow, Raymond Williams and Lyle Behrends. Mitchell Bence and Chad McGinnis were absent. Also present, Sheriff Clint Perzee, Coroner Bill Cheatum, Probation Supervisor Barb King, State's Attorney Mike Quinlan, Circuit Clerk Lisa Hines and ETS Director Eric Raymond.

The meeting was called to order.

It was moved by Lyle Behrends and seconded by Raymond Williams to approve the agenda. Motion carried by a voice vote.

There were no public comments.

Coroner Bill Cheatum reported that his Chief Deputy Greg Devries has resigned after 18 years of service. Cheatum said he has moved his other Deputy into this position and is now looking to fill the vacancy. Cheatum offered his appreciation for the County's involvement in building the Morgue.

Sheriff Clint Perzee presented his monthly report to the committee as follows:

- The Sheriff's Department looked at a fully equipped 2020 Chevrolet Tahoe with under 60,000 miles from Bradley Police Department. A claim will be submitted in the amount of \$28,000, which is a considerable savings for the vehicle and includes lights, cage, console, etc. The vehicles ordered from Morrow Brothers may be delivered later in the year instead of June as originally promised.
- Perzee will be requesting a quote for additional video security cameras for inside and outside the Courthouse to provide additional security for employees and property. This expense can be paid from the Court Security fund.
- Correctional Officer Andrew Medina resigned from his position. The vacancy has been filled, and the individual will begin within the next few weeks.
- Perzee submitted a claim payable to the Illinois Association of Chiefs of Police in the amount of \$180.

King reviewed the Probation & Court Services activity report for January.

State's Attorney Mike Quinlan reported he continues to work on the Peterson case.

Circuit Clerk Lisa Hines distributed her monthly report for January to the committee for their review. A total of \$39,376.34 was received in fines and fees, \$5,659.59 was received from Pay Court and \$264.24 was received from IDROP. Hines also reported that she purchased a new computer for the northwest courtroom and a kiosk for the lobby from her Automation fund in the amount of \$4,292.29. These funds will be reimbursed by a grant in June. The total grant amount of \$50,000 will be used for software maintenance (\$25,000), digitized files (\$15,000) and the two new computers (\$4,292.29). The remaining balance will be used by the Judges. Hines purchased 32 replacement chairs for the upstairs lobby and downstairs in the Courthouse at a cost of \$6,500.

ETS Director Eric Raymond distributed the monthly ETSB report to the committee for their review. Raymond reported that he met with the Finance committee on Monday. Raymond and County Board member Donna Crow have met with the fire departments and EMS to discuss the dispatch fees. Raymond is looking to fill one vacancy in the 911 Center. Interviews concluded Monday and Raymond will be inviting qualified candidates for chairside training. Lastly, Raymond discussed the hiring of a tenth telecommunicator with the Finance Committee. Further discussion will be held at a later date.

The committee reviewed the claims. It was moved by Williams and seconded by Behrends to pay the Judicial & Public Safety claims, including the additional claim to the Illinois Association of Chiefs of Police in the amount of \$180, subject to County Board approval. A roll call vote was taken. Motion carried

There was no old business.

There was no new business.

As there was no further business to come before the committee, it was moved by Behrends and seconded by Williams to adjourn the meeting at 3:22 P.M. Motion carried by a voice vote.

All of which is respectfully submitted.

**STATE OF ILLINOIS
IROQUOIS COUNTY**

County Board, Recessed Session

February 10, A.D., 2026

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Transportation & Highway** would beg leave to submit the following report on the matters before them:

Your Committee met at the Iroquois County Highway Building on February 5, 2026 at 9:00 A.M. Members present were Charlie Alt, Raymond Williams, Steve Huse and Jody Munsterman. Jamie Bakken and Mitchell Bence were absent. Also present, County Engineer Alan Harwood and County Board Chairman Paul Ducat.

The meeting was called to order.

It was moved by Raymond Williams and seconded by Jody Munsterman to approve the agenda. Motion carried by a voice vote.

There were no public comments.

The claims and financial reports for the month were reviewed. It was moved by Williams and seconded by Munsterman to approve the claims, subject to County Board approval. A roll call vote was taken. Motion carried.

During new business, County Engineer Alan Harwood presented Hutchison Engineering's Township Bridge Inspection Agreement in the amount of \$116,000. Harwood stated the project includes 205 structures. It was moved by Williams and seconded by Steve Huse to approve the Agreement for Professional Services with Hutchison Engineering in the amount of \$116,000 for Township Bridge Inspections. A roll call vote was taken. Motion carried.

Harwood also presented a resolution for the remaining County Engineer salary and expenses. Harwood explained that his salary was appropriated at \$140,000 plus \$4,000 for additional engineering expenses. The estimate was based on 260 days and 2025 had 261 days charged leaving a remaining balance of \$43.15. It was moved by Williams and seconded by Munsterman to approve the resolution appropriating funds in the amount of \$43.15 for the County Engineer's final salary and expenditures for 2025. A roll call vote was taken. Motion carried.

Lastly, Harwood announced that the Ford County letting is scheduled for Thursday, February 26th and the Iroquois County letting is scheduled for Monday, March 2nd.

During old business, County Board Chairman Paul Ducat inquired on the fee scheduled provided by Hutchison Engineering. Harwood stated their fees are the same as last year. Ducat also inquired on the Off-System Structures Bundling Program Update. Harwood said IDOT received four hundred million dollars for a bridge bundling project and there were 60 eligible bridges. Out of the 60 eligible bridges, 6 were selected. These bridges are located in Chebanse, Ashkum, Danforth Township and Douglas Township. Harwood will provide further location details at the County Board meeting on Tuesday.

As there was no further business to come before the committee, it was moved by Williams and seconded by Huse to adjourn the meeting at 9:21 A.M. Motion carried by a voice vote.

All of which is respectfully submitted.

STATE OF ILLINOIS IROQUOIS COUNTY

County Board, Recessed Session

February 10, A.D., 2026

Mr. Chairman and members of the County Board:

Your Committee to whom was referred **Policy & Procedure** would beg leave to submit the following report on the matters before them:

Your Committee met at the Administrative Center on February 5, 2026 at 10:06 A.M. Members present were County Board Chairman Paul Ducat, Jamie Bakken, Donna Crow, Kathleen Perkinson, Charlie Alt and Jed Whitlow. Also present, Finance Manager Jill Johnson, County Clerk Breein Suver, EMA Director Scott Anderson, Supervisor of Assessments Mia McCammon, Planning & Zoning Administrator Julie Feller, ETS Director Eric Raymond and Andrew Keyt with Heyl Royster.

The meeting was called to order.

It was moved by Donna Crow and seconded by Jed Whitlow to approve the agenda. Motion carried by a voice vote.

During public comments, Ed Neiman addressed the committee in regards to the Allium solar project stating he lives north of where the project is to be constructed. Mr. Neiman asked the committee to consider the conditions that were sent from the Planning & Zoning committee. Mr. Neiman said this is a long-term project and he doesn't believe it is unrealistic that these conditions be included before the permit is allowed for this company to move forward with their construction.

Janet Wilken distributed letters to the committee for their review pertaining to the solar project.

Martha Genzel also addressed committee regarding the solar project and asked that the board delay the building permit until the solar company gives a sound assurance of what they are going to do with the district tile.

EMA Director Scott Anderson provided his monthly EMA report to the committee as follows:

- There were no incidents to report.
- Illinois Premise Alert Program (Public Act 96-0788) allows people with special needs, disabilities, or their caregivers to voluntarily register confidential, critical information with local 911 centers. This data help police, fire and EMS responders provide better, faster and safer assistance during emergencies. This program is already in place in the County and Anderson will begin an

advertising campaign to make the residents aware of the process of having them included in the voluntary process.

- The Long-Term Recovery Committee met on January 14th.
- Anderson has researched other agencies and has found that having a not for profit established on their behalf has a strong financial benefit to the agency. Anderson said he'd like to begin the process of forming the "Friends of Iroquois County EMA" and once the process is complete, he will have the opportunity to hold fundraisers as well as accept monetary donations. Anderson will provide additional information to the committee next month as well as a business plan.
- The Iroquois County Amateur Radio Club met January 22nd. Anderson agreed to support their efforts with EMA by providing a donation to cover the costs of their annual holiday party. Anderson also attended the MABAS meeting on January 28th and explained the upcoming push of the Premise Alert Program.

The Committee Chairs gave their monthly reports:

- Kathleen Perkinson reported the Management Committee received the monthly maintenance report from Maintenance Supervisor Chris Drake. The County Farm lease was terminated via a letter of relinquishment from the tenant. Revisions were made to the lease and the committee will begin the bid process next month. Finance/I.T./Tax discussed Joint Dispatch fees and approved the billing amounts for Fire Departments and EMS. Additional information was needed to determine the amounts for Police. Supervisor of Assessments Mia McCammon prepared a letter based on the resolution that was passed to invoice the townships that do not have an assessor. The Planning & Zoning Committee discussed ongoing solar projects as well as new legislation that has been passed. The committee will be required to review the ordinances and possibly make text amendments, as necessary.
- Judicial Chairman Jed Whitlow reported the committee received monthly reports from the department heads.
- Highway Chairman Charlie Alt reported the committee approved bridge inspection agreements. The Ford County letting is scheduled for February 26th and the Iroquois County letting is scheduled for March 2nd.
- Health Chairman Donna Crow reported the committee received reports from Iroquois Mental Health Center, ICPHD and Animal Control. The committee also approved the adoption application and foster agreement. Next month the committee will review and approve the adoption agreement.

Crow provided an update on rural transportation stating a meeting was held January 14th with the hospital but she's unsure what direction they are going.

Appointments will be made at the County Board meeting.

Correspondence was distributed to the committee for review.

The committee reviewed the claims. It was moved by Bakken and seconded by Perkinson to pay the claims, subject to County Board approval. A roll call vote was taken. Motion carried.

During old business, Ducat asked Anderson to verify that the fire departments are receiving the proper equipment from the solar companies.

Perkinson invited Andrew Keyt with Heyl Royster to discuss the ongoing solar projects with the committee. Keyt explained that Two Roads Solar is a large project with approximately 4,000 acres. The project has gone through the conditional use permit process, and they have a conditional use permit request as well as two variance requests. The variance requests primarily deal with drain tile surveys and the interconnect agreement. Both are required at or prior to the time of submitting for the conditional use permit and Two Roads Solar is requesting to submit the materials prior to the building permit request. The Zoning Board of Appeals has recommended approval of both variances and the conditional use permit. These recommendations will go before the County Board on Tuesday. Keyt reviewed the list of conditions as follows:

- Decommissioning: the decommissioning funds under the mandates of the state statute are 10% of the decommissioning costs for the first five years and ultimately 100% at year eleven of the projects life. Two Roads Solar is willing to provide 100% of that decommissioning funding from the building permit stage. This would take the form of a bond or letter of credit.
- Aerial flyover
- Vegetative screening
- Emergency planning

In reference to decommissioning, Ducat stated a letter of credit would be required as the County will not accept bonds.

Keyt also reviewed the conditions for Louis Creek Solar as follows:

- Drainage issue: Keyt said they are still working on the drainage issues and continue to discuss how to address the issues. There is a drainage district that has authority over the drainage infrastructure.
- Variance request for vegetative screening
- Decommissioning: the developer is hesitant on providing 100% in the building permit stage.

Lastly, Keyt said he will be at the County Board meeting on Tuesday to address any questions that may arise pertaining to the conditional use requests and variance requests.

During new business, County Clerk Breein Suver reported that due to the audit not being completed, the Circuit Clerk's Office needs a resolution extending their audit for another six months. This matter will be on the County Board agenda. Finance Manager Jill Johnson informed the committee the Treasurer's Office has finished with their outside help from the auditor.

As there was no further business to come before the committee, it was moved by Crow and seconded by Bakken to adjourn the meeting at 11:26 A.M. Motion carried by a voice vote.

All of which is respectfully submitted.

s/Paul Ducat
s/Jamie Bakken
s/Donna Crow
s/Kathleen Perkinson
s/Charlie Alt
s/Jed Whitlow

APPOINTMENTS

Chairman Paul Ducat presented the following appointments. It was moved by Mrs. Perkinson and seconded to approve the appointments. The motion carried by a voice vote.

Sheriff's Merit Commission:

1. Jason J Mathy of 213 3rd South Street Chebanse, IL to the Iroquois County Sheriff's Merit Commission for a term of four years, to expire on February 10, 2030.

Drainage Commissioner:

1. Harold Loy of 2761 E 2900 N Road, Beaverville, IL as Drainage Commissioner of Big Beaver Levee & Drainage District, for term to expire the first Tuesday of September, 2028.
2. Jon Willms of 941 County Road 1850 North, Gilman, IL as Drainage Commissioner of Onarga, Douglas, & Danforth Drainage District for the term to expire the first Tuesday of September, 2027.
3. Brooks Breymeyer of 1255 E 700 N Rd, Cissna Park, IL as Drainage Commissioner of Mud Creek Outlet DD (#94) for the term to expire the first Tuesday of September, 2028.

OLD BUSINESS

There was no old business.

NEW BUSINESS

County Clerk Breein Suver spoke about the Resolution to Extend the Audit Period for the Circuit Clerk that was supposed to be presented. She said the Board extended the audit for a period of 6 months, which is the only extension that is allowed by law and the Board does not have authority to extend the audit further. The Circuit Clerk confirmed that a draft of the audit can be presented. Finance Director Jill Johnson said advances are being made on the audit and she will provide the Circuit Clerk a draft as soon as possible.

ADJOURNMENT

As there was no further business to come before the Board, it was moved by Mr. Grant and seconded to adjourn the meeting at 11:53 A.M. The motion carried by a voice vote. The next County Board meeting will be held in Watseka, IL on Tuesday March 10, 2026 at 9:00 A.M.
